ENGINEMEN JOIN CHICAGO STRIKE TRAFFIC HALTED

Union Engineers and Firemen Defy Officials of Their Unions.

VOTE CAME WHEN PREDICTION IS MADE OF EARLY BREAK

Enginemen Decline to Work With Union Switchmen, Calling Them Scabs.

Chicago, April 7.—Representatives of 8,500 members of the Brotherhood of Locomotive Firemen and Enginemen in the Chicago switching district today had defied their union officials and voted to join the unauthorized switchmen's strike called nearly a week ago.

Freight traffic through the expansive Chicago district already was restricted severely and strike leaders and railroad officials were agreed that if the force of strikers was augmented such traffic would be brought virtually to a standstill.

The vote of the engineers and firemen came in the face of predictions of grand officers of the Brotherhood of Railway Trainmen and the Switchmen's Union of North America, with which the striking switchmen are affiliated, that by Saturday the strike would be broken by loyal union men rushed here from other cities.

The engineers and firemen declared they would not work with "scabs" as they termed the loyal union men, and also demanded an increased wage. Engineers are paid $5.76 a day and they demanded $1.50 an hour; the firemen, paid from $4.16 to $4.28 a day, demanded $1 an hour.

Passenger trains would not be interfered with, the strikers said. Railroad officials said, however, that such traffic was certain to suffer in the event work in the yards was restricted further.

Meanwhile it was reported supplies of certain foods and fuel were beginning to run low in Chicago and nearly 20,000 employes had been thrown out of work at the stockyards by the stoppage of receipts of cattle. The pens at the stock yards virtually were empty yesterday.

The switchmen continued their strike under an ultimatum from the Brotherhood of Railway Trainmen that they will forfeit their union memberships unless they return to work by tomorrow night. They also would lose their seniority standings with the railroads. The brotherhood's ultimatum was signed by 23 brotherhood officials, embracing 20 chairmen of general committees of affected railroads and three vice presidents.

The strikers claimed early today that 16,000 men already were out in the district and that by night 25,000 would be on strike. Railroad officials while not deying the seriousness of the situation, said about 2,500 switchmen and yard men were out. Office clerks and superintendents joined the union strikers in the yards yesterday.

JOHNSON HOLDS MICHIGAN LEAD

Later Returns Do Not Change Result of Presidential Primary — Many Counties Have Not Reported.

Detroit, April 7.—Belated returns on Monday's presidential primary coming in slowly from scarcely settled sections of the state, added but few votes early today to totals already compiled from approximately two-thirds of the precincts. These figures gave Senator Hiram W. Johnson a lead of 42,251 over Major General Leonard Wood on the Republican ticket and Herbert Hoover's advantage on the Democratic ticket was 4466 over Governor Edward I. Edwards of New Jersey.

The vote stood Republican (1661 precincts out of 2421):

Johnson 124,949. Wood 82,698. Lowden 44,229. Hoover 40,624.

Democrats (1472 precincts):

Hoover 17,662. Edwards 13,196. McAdoo 12,602. Bryan 11,641. Palmer 7570.

Complete returns had been received from only a few counties, and five—Alger, Baraga, Benzie, Iosco and Montmorency—had not been heard from at all as a result of the Easter snow storm.

EDWARDS SAYS HE'S PLEASED WITH RESULT

Jersey City, N. J., April 7.—Governor Edwards, before leaving for Trenton today declared the vote for him in the Michigan primaries "indicated an awakening of the people to the dangers of an invasion of their personal liberty."

He was encouraged over the result notwithstanding that latest returns indicated he ran behind Herbert Hoover.

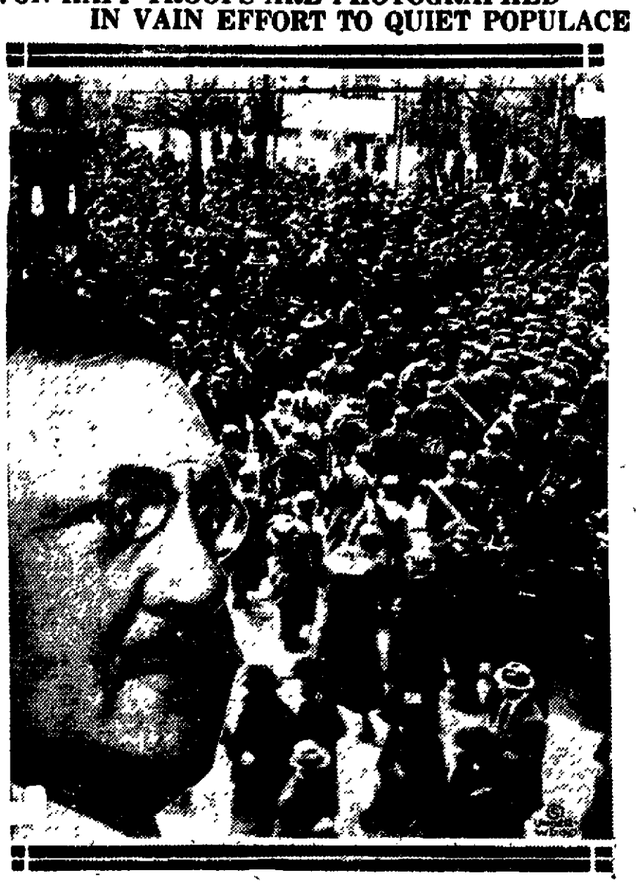

"It was not opposition to prohibition so much as opposition to being deprived of a personal right without an opportunity to pass on the question that brought out the vote for me in Michigan" he said. "It was spontaneous. I did not lift a hand for it and no one campaigned for me in that state."

PRINCE VISITS SAN DIEGO.

San Diego, California, April 7.—Edward, Prince of Wales, and heir to the British throne, arrived off Point Loma today and there the cruiser Renown, which is carrying him to the Antipodes lay to and waited events planned here for today and tomorrow.

New York—Board of directors of the Studebaker Corporation of America declared stock dividend of 32 1-2 per cent on common stock.

VON KAPP TROOPS ARE PHOTOGRAPHED IN VAIN EFFORT TO QUIET POPULACE

Dr. Alexander von Kapp and some of his troops in Berlin.

The large photo was taken during the final act of the von Kapp farce in Berlin. Mobs demanding the resignation of von Kapp and von Luettwitz filled the streets.

SCHOOL SALARY INCREASE WILL ADD $50,000 TO ANNUAL PAYROLL

Committee Recommends New Salary Schedule Which May Mean An Additional Two-Mill Levy—Increase Necessary to Keep Efficient Staff of Teachers.

The Board of Education met in regular session at 7 o'clock at the High School. All members were present.

The board authorized Superintendent Barnes and Mr. Handel to purchase fire extinguishers for use in buildings not fireproof and to replace some worn out extinguishers now in use. The committee purchased 100 from the Interstate Chemical company following a demonstration on the public square a few weeks ago.

Bills in the usual number were authorized to be paid. A resolution was adopted to reject the offer of bonds of the city council, as the board has no funds for such a purchase.

J. M. Mitchell, W. E. Miller and S. W. Haight, the committee on teachers' salaries, recommended that the new schedule be adopted if the funds could be raised. The increases mean an additional $50,000 to the salary fund each year. If the funds cannot be secured through the Gardner relief bill without a vote of the people then the people of Newark will be asked to authorize an extra two mill levy. The committee emphasized the importance of paying adequate salaries to the teachers in order to keep them. The new schedule follows:

High school teachers who have reached the maximum, both men and women, shall be advanced to the maximum of $2,000 per year. Grade principals of buildings consisting of eight or more rooms, shall be advanced to $2,000. High school teachers who have not reached the maximum shall be granted the regular increase of $50 per year and a 25 per cent additional salary except that those teachers who reach the former maximum with the $50 increase, shall be advanced to $2,000.

Grade principals of buildings of four rooms shall receive a maximum of $1,700, and of the building of six rooms, $1,800. Cherry Valley shall be placed on the same basis as a six-room building.

Grade teachers who have reached the maximum and those whose $40 increase make them reach the maximum this year, shall be advanced to a maximum of $1,500 per year. Grade teachers who have not reached the maximum shall be granted the regular increase of $40 per year and 25 per cent additional salary.

The minimum for high school teachers shall be $1,200 with an annual increase of $100 per year until maximum is reached. The minimum for grade teachers shall be $800 with an annual increase of $80 per year until maximum is reached.

Summer school attendance shall be recognized on the basis of $50 extra to high school teachers and grade principals, and $40 to grade teachers regardless of whether or not the maximum has been reached.

Special teachers shall be considered individually.

ZANESVILLE SORE OVER POPULATION

Census Gives Pottery City But 29,569 When City Fondly Expected to Go Well Over 30,000.

Zanesville, April 7.—According to the official census figures made public in Washington last night, Zanesville's population is only 29,569, an increase of 1,542, or 5.5 per cent, in the past 10 years. While these figures do not include the thickly populated Tiledale and Westview districts recently annexed to the city and other suburban territory which is practically a part of the city, the official count of the population is a big disappointment.

It had been conservatively estimated that the city had a population of considerably more than 30,000, and many were hoping that the census returns would show the estimate too low. In fact, it is too low by at least 3,000, counting the citizens of the territory recently annexed and the large number of new families brought to the city by the great revival in industrial activity.

Cambridge has a population of 13,104, according to the official census, an increase of 15.7 per cent. This is also a disappointment as Cambridge boosters had proudly anticipated that the census would show their city to have a population of at least 15,000.

Other population figures announced are: Ogden Utah 32,804, 28.2 per cent gain, Huntington Ind. 14,000, 26.2 per cent; Wilmington N. C., 33,372, 29.6 per cent; Greensburg, Pa., 15,033, 13.5 per cent; Hudson N. Y. 11,747, an increase of 328 or 2.9 per cent over 1910. Salina Kansas 15,085, increase 5,397 or 55.7 per cent; Spartanburg S. C. 22,638, an increase of 5,121 or 29.2 per cent; Greenville, S. C., 23,127, increase 7,286 or 46.2 per cent.

SAYS RESTAURANT MAN IS SOURCE OF BOOZE

Youngstown, April 7.—With the arrest of Harry Miller, proprietor of a large downtown restaurant here, Safety Director Scott today said he had discovered the "source of a regular supply" of liquor which he said had been reaching down town hotels and saloons.

Ten-gallon cans of alcohol and some bottles of coloring were found in Miller's home and a 10-gallon can of colored fluid in his auto, Scott said.

O. E. ENGINEER QUITS; SERVED SIX YEARS

Springfield, April 7.—The resignation of M. J. Kehoe, for six years electrical engineer of the Ohio Electric Railway company, was announced yesterday. He will be succeeded by G. D. Nicoll, assistant chief engineer.

FIRST FUNERAL SHIP WILL ARRIVE TODAY

New York, April 7.—Officers of the army graves reclamation service were completing preparations today for the reception late in the afternoon of the first American funeral ship from either England or France. The transport Nansemond was expected to dock late in the day with 57 bodies of men who died in base hospitals in England.

Relatives of the soldier dead had been notified and in most cases were in the city to take charge of the bodies. A complete system for receiving, handling and shipping the bodies had been worked out and virtually all of the bodies will have been reshipped to their final resting places by nightfall.

Cable advices from France state that the transport Mercury, the first funeral ship bearing bodies of soldiers who died in France will leave Brest tomorrow with 315 caskets.

HARDING PLEADS FOR PARTIES IN INDIANA SPEECH

Declares Nation Is Getting Away From Government By Parties.

SCORES WILSON'S POLICY OF "WATCHFUL WAITING"

Starts Three Day Speaking Tour At Anderson Closes at Huntington.

Anderson, Ind., April 7.—United States Senator Warren G. Harding, of Ohio, began a three-day speaking tour of Indiana with a noon day address here today in the interest of his candidacy for the Republican nomination for president. He will speak in Muncie tonight, at Kokomo and Marion tomorrow and Friday at Huntington.

Declaring himself a party man, Senator Harding said there is not a candidate in the field whom he would not support if himself defeated for the nomination. "Let's keep in mind the election," he said. "The Republican party and not the nominee, will restore America. What's wrong with America today is we are getting away from government by political parties."

Criticising the administration's "watchful waiting" policy in regard to Mexico, Senator Harding declared "what the America and the world needs worse than a League of Nations, is more honesty in its life."

"If there had been more honesty in our dealings with other nations," he said, "we would have been either in or out of the great war ten minutes after the Lusitania went down."

GEN. DENIKINE SAFE ON BRITISH VESSEL

Constantinople, Tuesday, April 6.—General Denikine, former commander of anti-Bolshevik forces in southern Russia, arrived here last night and is today a fugitive on board a British warship. Immediately after he landed he went to the Russian embassy with General Romanovsky, his former chief of staff, and it was while h was there that the latter was assassinated.

General Denikine is believed to be in danger because of the high feeling that prevails among Russian officers here and went on board the warship under a guar dof British soldiers. General Wrangel, who was elected to succeed General Denikine as commander of the south Russian forces in Crimea, has assumed his duties.

GREEK TROOPS WILL GO TO MEET TURKS

Athens, April 7.—Greek troops have been authorized by the supreme military council of the allies to advance in Asia Minor in anticipation of an eventual attack by Mustapha Kemal. They have occupied a stragetic position east of the sector they have held around Smyrna, according to a dispatch to the newspaper Ethnos.

C. OF C. LISTS 167 NEW NAMES IN TWO DAYS

Campaign Is Continued Over Thursday To Reach New Goal Set By Workers.

The time of the Chamber of Commerce campaign for new members has been extended over tomorrow and the Chamber now has a membership of 742, including the 167 new members secured during the two days' campaign.

The teams met again today at the Masonic Temple at the noon luncheon to make reports. The division having the largest number for the day was headed by Harry Wyly, who reported 22. The other reports were: George M. Fenberg, 13. A. L. Thomas, 5; Karl Reinbold, 8. F. M. Black, 9; Lester Newkirk, 4; S. M. Wolfe, 10 and J. N. Pugh, 17.

The three man team having the highest total of new members for the two days is that composed of Cosner, Wyly and Frye, these men reporting 18 new members secured during the two days. The Halladay Motor Corporation took six memberships and the Cree-Becker Tool Machine company, 4.

The number listed for yesterday should have been 69 instead of 72 as three of the names were found to be duplicates.

The workers have asked that any one desiring to become a member, who has not been solicited, call the Chamber of Commerce and a solicitor will be sent to them. The workers will meet again tomorrow morning at 9 o'clock and at the noon luncheon at the Chamber of Commerce.

ITALY SENDS ENVOYS TO BUY RUSS MATERIALS

Athens April 7.—It is announced here that an Italian commercial mission has arrived in Athens on the way to Russia to negotiate with the Soviet government for the purchase of raw materials for manufactures. The mission, it is stated, is provided with several million rubles in cash.

RICHARD CROKER'S INDIAN BRIDE TO REFUTE CHARGES OF "BROADWAY PAST"

Richard Croker, his present wife (upper left), Florence Croker Morris (upper right) and Mrs. Ethel Croker White.

Richard Croker's young wife is not an Indian princess at all, as he thought she was when he married her in 1914, according to declarations of the former Tammany chieftain's children in documents supporting the Florida suit to have Croker declared incompetent to handle his business affairs. They assert she has a "Broadway past," a statement which she denies. Croker has two daughters, Mrs. Ethel Croker White, who is making an active effort to have him declared incompetent, and Mrs. Florence Croker Morris, who is taking a neutral stand.

LOS ANGELES PAPERS ADVANCE TO 5 CENTS

Los Angeles, Cal., April 7.—Publishers here announced yesterday that the price of morning papers on streets and news stands would be advanced May 1 from 3 to 5 cents on week days and that the price of the two afternoon papers, now selling for two cents, would be advanced to three cents, while a third afternoon paper, now selling for one cent, would be advanced to two cents.

JOHNSON LOSES IN N. Y. PRIMARY

"Big Four" Delegation, Uninstructed, Wins By Big Majority Over Opposition Candidate—Hoover Also Loses.

New York, April 7.—New York state's "big four" uninstructed delegation to the Republican national convention rolled over the opposition of former State Senator William M. Bennett, pledged to the presidential candidacy of Senator Hiram W. Johnson of California, in yesterday's primaries, according to virtually complete returns early today.

With only 126 election districts out of the 2571 in the cities missing the vote for the "big four" was:

Nathan L. Miller 70,043; Senator James W. Wadsworth, Jr., 70,396; Senator William M. Calder 73,501; Colonel William Boyce Thompson 68,104. Bennett's vote was 25,561, of which his home borough, Brooklyn, contributed 14,317. The vote here was lighter than anticipated by party leaders.

Scattering returns from up state where the vote was also light, indicated that the organization candidates had won over Bennett by a wider margin than in this city. No candidate favorable to Senator Johnson was elected in any of the 12 congressional districts here where contests were waged.

The organization men also defeated two candidates pledged to Herbert Hoover in the sevententh congressional district in Manhattan by a ratio of about two and one-half to one. This was the only district in the state where candidates favoring Mr. Hoover were entered.

There were no contests among the Democrats and the party vote was proportionately smaller than that cast for the Republicans.

GIRL ATTEMPTS LIFE TO AVOID MARRIAGE

Louisville, Ky., April 7.—Rather than marry a "stogey old judge," Miss Elizabeth Kirby, 25 Huntsville Alaama attempted suicide here yesterday by jumping into the Ohio river. A dock worker rescued the young woman, who was taken to a hospital where she is said to be recovering.

The motive for the attempted suicide apparently was found in a note the woman left in a local rooming house, addressed to her mother in which she pleaded for one word from home and asked what she had done to be forsaken by her parents.

She stated she would not sell herself "to the stogey old judge nor no other man not her choice."

Miss Kirby at the hospital said her father was J. L. Kirby, a business man of Huntsville and that she came here for employment a few weeks ago.

AGED WOMAN IS FOUND DEAD

Miss Cordelia Smith Survives Operation For Cancer But Dies of Heart Trouble.

Not finding Miss Cordelia Smith, 79, at her home, 105 North Sixth street, Tuesday evening about 6.30 when he took his copy of the Newark Advocate to her as he was in the habit of doing each evening, D. J. Simson, 101 North Sixth street became worried as did his family. About 10 o'clock when he returned from town he investigated and found Miss Smith dead in an out building in the yard of her home.

Coroner Richards was called and pronounced death due to heart trouble, her condition being dropsical and very weak from a severe illness of influenza and pneumonia. He also stated that she had been dead from six to eight hours.

Miss Smith, who was reared in Bowlinggreen township came to Sixth street to live five years ago. She was a practical nurse and lived most of the time alone. A niece, Mrs. Hattie Mitchell spents part of the time with her. Mrs. Mitchell is housekeeper at the home of George Pigg, east of town.

Last June Miss Smith underwent a severe operation for cancer and had recovered from that illness when she was striken with influenza and pneumonia about two months ago and was a patient at the City Hospital for four weeks.

Tuesday noon Miss Smith called at the home of Mrs. D. B. Bell, 95 North Sixth street, saying that her gas was so low she could not light it. She left about 1:30, telling Mrs Bell that if she could not light her fire she would return. That was the last time she was seen. The fact that the fire in Miss Smith's house was so high all evening helped make Mrs Simson suspect that something was wrong. The gas pressure had increased in the evening.

Miss Smith has a brother, George Smith, living in Indiana.

The body was taken to L. N. Bradley's establishment where funeral services will be held Thursday afternoon at 2 o'clock. Rev. B. R. Weld will officiate and burial will e made in Cedar Hill cemetery.

TOLEDO CARS RUNNING ON ORDER OF COURT

Toledo, April 7.—Street car service, suspended last Saturday when council refused to ratify a fare-wage increase agreement was resumed here early today. Car riders who prior to the strike of car men paid six cents and two cents for a transfer began to pay seven cents in addition to the transfer tax.

How long the new rate will rule will be determined by the United States district court through whose order service was restored. The court order provides that the company pay the wage increase retroactive to April 1, and that the car riders contribute to the cost of meeting the advance. This was the point on which council balked and which resulted in the strike.

FORMER OHIO SOLON DIES.

Lexington, Ky., April 7.—Major W. R. Adams, 83, a member of the 40th, 41st, 42d and 43d congress, clerk of congress 44th, 45th and 46th sessions, later registrar of Kentucky land office, Kentucky secretary of state and pension agent under President Cleveland, died today at his home in Winchester, Ky. He was paymaster in the Union army during the Civil war.

ESSEN IS LOOTED AS REVOLT ENDS SHOPS EMPTIED

Red Troops Guard Streets While Plundering Is Carried On.

COMMUNISTS FLEE TO BRITISH ARMY AREA FOR PROTECTION

German Government Forces Enter Suburbs of Essen Tuesday.

Essen, via Berne, April 7.—The latest hours under the communist regime in Essen were marked by extensive plundering, some of the main streets being blocked by red troops for the purpose of affording protection to organized looting.

Some of the large shops were completely emptied. It is said that among the red guards there were some genuine Russian Bolsheviki who were prominent in the looting but taking a modest part in the fighting. There was desultory shooting in the suburbs where the Reichswehr routed out the few remaining radicals.

Coblenz, April 7.—Two thousand communists have crossed the Rhine into the British zone of occupation and have been interned. Twelve hundred more are expected to arrive today. Flight of large numbers of the communists into occupied territory is considered an indication that the revolt in the Ruhr region is near an end.

Bochum was still in control of communists late yesterday and they expected a big fight there. The situation in the Ruhr valley is bad and living conditions are almost unbearable. A railroad strike at Essen is reported and no trains are running.

The reaction locally to the movement of French troops into German cities east of the Rhine has not disturbed the population, which understands the city governing the American military command. Firm conviction is expressed by Germans that that action of the French will solidify more than ever sentiment all over Germany against the [illegible]

Gelsenkirchen, north of here, and Dortmund and Schwerte, to the east, were captured today and occupied by advancing government troops. Much fighting is reported in the Ruhr area.

There are indications of the "red terror" in Essen under the direction of Russian officers, it is said.

Berlin, April 7.—Advance troops of the Reichswehr and shock troops entered the suburbs of Essen yesterday afternoon. Another detachment occupied the Essen town hall last evening.

Long columns of the red army in motor lorries and on foot passed through Elberfield yesterday. Most of them surrendered their arms at Elberfield. Others marched into the occupied territory, chiefly to Solingen, where they were disarmed by the British. Other insurgent bands, still armed, are wandering about the mountains. Five hundred insurgents were transferred by the British to a camp near Cologne.

Railway traffic in the Essen region probably will be resumed today.

FRENCH CONTINUE TO MOVE INTO GERMANY

Metz, April 7.—French troops on the right bank of the Rhine, continuing their advance, today occupied Homburg, nine miles north of Frankfort.

AKRON BUILDINGS ARE WRECKED BY SERIES OF BLASTS

Score of People Are Hurt and Windows Broken—Escaping Gas Increases Danger of More Explosions.

Akron, April 7.—A series of violent explosions in downtown sewers at 2:30 this afternoon injured a score of people here, broke hundreds of plate glass windows in stores and office buildings and started a fire in the old Buckeye Hotel, next door to the office of the Evening Times, High street, near Mill.

Following the first reports which rocked downtown buildings, thousands of people congregated on the streets, adding to the danger, and making it difficult for the fire department, ambulances and police to care for women who fainted from shock and from those injured by flying glass.

Gas from broken mains filled nearby buildings. New explosions and fires are momentarily expected.

The Times office is filled with smoke and must be abandoned.

The Akron Times is on the Associated Press state wire with the Advocate. At the conclusion of the above dispatch the operator told the chief operator that everybody had abandoned the Times building upon orders of the police and that he would have to leave his post.

NEEDS 10,000 FREIGHT CARS.

Baltimore, April 7.—The Baltimore and Ohio needs 10,000 more freight cars. Traffic requirements at present would cost the road $30,000,000.

NEWSPAPER ARCHIVE®

WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N.Y., for a sample bottle. When writing be sure and mention this paper.

Muggins—"I never knew a man so involved in litigation as Wigwag. He's always in Court." Buggins—"Oh, he likes it. He actually boasts that he has a suit for every day in the week."

MARINE CORPS HAS GOOD SCHOOL COURSE

The Marine Corps says Sergeant Anderson, of the local recruiting office in the Y. M. C. A. building, realizing the necessity of preparing its members to assume greater responsibilities when they are returned to civilian life have made this possible by establishing a school where the men are taught practically any study or trade they may choose to follow, a few of the studies taught are Advanced English, commercial law commercial arithmetic, advanced mathematics languages advertising bookkeeping, traffic manager, chemist draftsman civil engineer, mechanical engineer, electrical engineer, automobiles agriculture and many others. The school is situated at Quantico, Virginia a little village on the Potomac river 35 miles from Washington, D. C. Sports will be found there that surely will appeal to each individual, such as boating, bathing, fishing, baseball tennis and band concerts every evening. The school is conducted on the same basis as a private military academy the forenoon being devoted to military and physical training and the afternoon to studiese. The pupils are not required to perform any duties aside from their training, and the Marine Corps pledges itself to keep the men in school until their course is completed. "Without a doubt this is one of the best opportunities ever offered by the government to the young men, and enlistments are open for this school during the month of April only," said Sergeant Anderson.

SANITATION MEANS SUMMER HEALTH

Summer health often depends on sanitary surroundings. Sanitation is chemical cleanliness. Dark closets and corners, damp places in the cellar, and drains and cesspools often hold the germs of disease over from season to season. Killo, the germ exterminator, is so inexpensive that you need take no risks in this particular. Sprinkle it freely through the house. It is harmless to human life, but sure death to insect pests, odors and germ life. Made by the same reliable house that is behind Duffee's Fifty Fifty Tonic Laxative—a remarkably effective aid to regularity and health, which is sold by druggists and grocers everywhere.

WITNESS FAILS TO APPEAR FOR TRIAL

Mary Johnson, 17, was brought into municipal court yesterday afternoon on a peace warrant sworn to by J. W. Atwood. The warrant states that Atwood was struck, assaulted, beat, stabbed and shot or shot at by Mrs. Johnson. The case came under the jurisdiction of the probate court and was turned over to that court.

Charles Johnson, husband of the defendant filed a warrant in probate court against J. W. Atwood, charging him with swearing and using violent language. Atwood did not appear to prosecute in the case against Mrs. Johnson and so both charges were dropped.

Youth Bound Over.

Mabel Price, of Newark township, filed charges of statutory nature against Cleveland Boyer, of Purity yesterday in municipal court. Officer Snyder, after a six-hour hunt, located the Boyer man at Purity, after going to Rocky Fork, where he was reported living.

The hearing was held this morning in municipal court when testimony was heard. The case was turned over to the grand jury with Boyer furnishing a bond in the sum of $500.

Demurrer Filed.

Elizabeth Hickey filed a demurrer to the amended petition of Edward Hickey, stating that there is not sufficient evidence for a cause of action.

Motion Is Filed.

The A. H. Heisey company, through its attorneys, filed a motion and brief in the case of the Logan Natural Gas and Fuel company, to strike the plaintiff's petition from the files and have it state its causes of action separately. The suit grew out of defective gas leases which the Heisey company guaranteed to stand good for.

Marriage Licenses.

William M. Acord, farmer, of Frazeysburg, and Miss Grace L. Owens, of Granville. Rev. Mr. Breeze named to officiate.

KENT FEED STORE IS SOLD TO W. B. CROOKS

The Kent feed store in West Church street was sold yesterday to W. B. Crooks.

Messrs. C. W. Kent and Maurice C. Kent have conducted the feed and grain business in West Church street for a number of years and later opened a flower shop. They disposed of the feed and grain business, but will retain the flower shop, which is managed by Maurice Kent.

The flower store will handle flowers and flower and garden seeds.

Mr. Crooks, who purchased the feed and grain business is a retired farmer.

GETS PERMIT TO BUILD GROCERY BUILDING

J. P. Lamb took out a permit for the erecting of a two story cement block building at 242 North Fourth street yesterday. Lamb purchased the old Marple grocery on Fourth street, has torn down the old buildings and has started work on the cellar of a new modern shop. He will open a grocery in the new building when it is completed. The cost is estimated at $4,000.

Webb & Webb took out a permit to repair the roof of an office building and garage at Sixth and Wilson streets, to cost $250.

TAXPAYERS' LEAGUE WILL MEET MONDAY

A meeting of the Taxpayers league will be held in the council chamber on Monday evening, April 12th, at 7:30. The executive committee will present a constitution and by-laws for adoption and the important matter of the passage of the $65,000 relief bond issue at the April primaries will be considered.

PARENT-TEACHERS ASSO. HAS GOOD PROGRAM

The Main-Mill unit of the Parent-Teachers' association met Tuesday afternoon with a good attendance. An interesting program had been arranged and included the following numbers: The opening song, "America," was sung and a paper read on "The School as a Community Center" by Miss Mary Kilpatrick. Mrs. Guy Fisher gave a reading on "The Value of the Parent-Teacher Meeting," and a discussion of "The Needs of the Public Library" was given by Mrs. Margaret Brown and Mrs. Frank Sprague.

C. L. V. HOLTZ GOES TO HOSPITAL FOR OPERATION

C. L. V. Holtz, cashier and treasurer of the Licking county bank, who has been quite ill at his home in East Main street, was taken to the City Hospital early this afternoon and will be operated upon late this afternoon.

Mr. Holtz's physicians, Drs. H. J. Davis and M. W. Deming, will consult with Dr. Charles Hamilton of Columbus upon his arrival here after 2 o'clock. Mr. Holtz's symptoms are those of gall stone trouble.

TREX! IF RHEUMATIC OR CONSTIPATED

Twenty-Five Cents Worth is Plenty; Try It! Take Harmless, Soothing Trex for Just 3 Days.

Then no more stinging rheumatic pains; good-bye chronic, miserable constipation; no more sore kidneys nor aching back, Trex is wonderful! Acts right off. Trex induces natural drainage of the entire system; promptly opens your clogged-up kidneys, liver and bowels; cleans the stomach of fermenting, gassy foods and waste; dissolves our irritating, rheumatic poisons; relieves feverishness, headaches, dizziness and constination misery. Don't stay "knocked out" any longer. Get this quick relief today. 25c. from T. B. Denton & Co., (Not Inc.) Mt. Carmel, Ill., or of T. J. Evans.—Adv.

"OUT OF BED THREE TIMES!"

If the victim of kidney disorders and bladder irritation is compelled to arise even once in the night, there is a condition which should be promptly corrected. If arising more than once immediate attention is the part of wisdom.

Balmwort Tablets

are peculiarly fitted to promptly relieve soreness and aching in the kidney regions. They allay inflammation, restore normal secretion and correct the alkalinity of the waste secretions, and thus stop the source of irritation, pain and annoyance. There are thousands of benefitted users of Balmwort Kidney Tablets and all good, conscientious druggists recommend and sell them. Price, $1.00 per tube.

CORRECT KIDNEY TROUBLE
Sold by all druggists

DR. BURKHART

Wants you to write him today for a treatment of Dr. Burkhart's Vegetable Compound. Pay for same when cured of Liver, Kidney, Stomach Trouble, Constipation, Catarrh, Rheumatism. Don't miss this grandest of remedies and wonderful preventative for Grip, Flu. Address 621 Main St., Cincinnati, O. For sale at all Drug Stores. 30 day treatment, 25c. Adv.

IRISH PICKETS ARE HELD UNDER BOND

Washington, April 7.—The four women arrested yesterday for picketing the British embassy entered pleas of "not guilty" today before United State Commissioner Richardson and were admitted to $1,000 bail each for appearance at preliminary hearing next Friday.

The specific charge against the women was that they did "unlawfully, willfully and feloniously menace bodily harm and violence to the person of his excellency the counsellor of the embassy and charge d'affairs ad interim of Great Britain in the United States and the Hon. Ronald C. Lindsay and did then and there at the dwelling house him, the said Hon. Ronald C. Lindsay, assault, affront and insult him in violation of the law of nations."

G. R. Berry and P. J. Ryan appeared as counsel for the women and the government was represented by J. S. Archer and L. R. Mason.

DON'T WANT ECONOMY AT EXPENSE OF VETS.

Youngstown, April 7.—Speaking at the meeting of the local American Legion post here last night, Franklin D'Olier, national commander of the legion said:

"We do not expect congress to do any more for us than is consistent with the welfare of our country. But we do not want congress to do all its economizing at the expense of the ex-service men."

Calling attention to grants of land given to George Washington and Admiral Dewey, and the honor paid to General Pershing, Mr. D'Olier added:

"The American Legion more than any other agency kept this country from wobbling into Bolshevism last fall. Congress is well aware of that."

He commended the local legion post on the success of its campaign for members, now in progress, which has secured over 3,000 members.

WOULD BAR SOCIALISTS FROM N. Y. POLITICS

Albany, N. Y., April 7.—Two bills designed to carry out the recommendation of the assembly judiciary committee "for barring the Socialist party of America from participating in politics in New York state," were introduced in the legislature today.

SOCIALIST LEADING IN MILWAUKEE RACE

Milwaukee, April 7.—Unofficial tabulation of returns from 184 of 199 precincts early today gave Daniel W. Hoan, Socialist mayor, a lead of 3605 votes over his non-partisan opponent for re-election, Clifton Williams. The vote stood Hoan 37,623; Willim, 34,018.

In the race for delegates at large for the Republican convention at Chicago 250 precincts out of 2177 outside of Milwaukee gave Thompson, leading candidate of those sponsoring instruction for Senator Lafollette for the presidential nomination 16,094 and Governor Phillip, leader of the candidates favoring an uninstructed delegation 10,184.

In Milwaukee 54 precincts showed: Thompson 4673; Philipp 2630.

ONLY SLIGHT DAMAGE DONE TO OHIO FRUIT

Columbus, April 7.—Only slight damage was done to fruit in the central part of the state by last night's freeze, according to horticulturists. Reports from the southern part of the state, however, are that early fruit was considerably damaged. E. C. Cotton, chief of the state horticultural bureau, sent out telegrams to fruit growers in all parts of the state today asking a report on damage sustained.

HOTEL MEN TO DECIDE FATE OF PIANIST

Chicago, April 7.—Managers of Chicago's six leading hotels were selected as a coroner's jury today to determine whether an alleged street flirtation is sufficient grounds for killing a man.

The hotel managers will investigate the death of Traverse Walsh, killed by a blow delivered by Joseph Manne, a 125-pound pianist, after Welsh is said to have attempted to flirt with Mrs. Manne.

In announcing his selection of a jury, Coroner Hoffman said hotel managers came in contact with all classes of people and would be "supposed to have an intimate knowledge of men who may be termed flirts."

PROBES REPORTS OF LICENSE VIOLATION

J. C. Brister, state inspector of the automobile department of Columbus is here for a few days investigating reports of violations of the issuing of tags. It has been reported that people have purchased passenger car tags and put them on trucks in violation of the state law.

EASTER BABY'S FATHER KILLED IN FEBRUARY

A son was born Easter Sunday to Mrs. Raymond Paulson of Clinton street. The child has been named Raymond the same as the father who died in February from injuries received when he fell from a stack at the Weiant green houses. Mr. Paulson was an ex-service man and had been overseas with the Rainbow division.

ASKS $10,000 DAMAGE FOR INJURY BY CAR

An amended petition asking for $10,000 has been filed by Josephine Gatten against the Ohio Electric Railway company in common pleas court. The petition relates that Gatten was struck by a street car on Cedar street September 30, 1918, and that he suffered a broken arm, impaired hearing and was rendered unconscious.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size $2.50.

MUSTEROLE
WILL NOT BLISTER

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

Goodyear Advantages in Tires for the Smaller Cars

Just as Goodyear is successful in building extreme value into the Goodyear Tires that go on the highest-priced motor cars, so is Goodyear successful in supplying unusual worth in Goodyear Tires for smaller cars.

Into the making of Goodyear Tires in the 30x3-, 30x3½-, and 31x4-inch sizes have gone the full advantages of Goodyear experience, skill and modern facilities.

The results of this unusual endeavor are easily available to every owner of a Ford, Chevrolet, Dort, Maxwell, or any other car requiring the sizes mentioned.

Go to the nearest Goodyear Service Station Dealer's place of business for these tires, and Goodyear Heavy Tourist Tubes. He carries them in stock.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30 x 3½ size *in waterproof bag* $4.50

A SURE CURE

"When a widower begins to wonder whether she will think he is too old for her he ceases to complain about his lumbago."

But the man who gets up in the morning all out of sorts—with lame back, stiff limbs, a dull "achy" head, better look out for himself—maybe his kidneys are to blame.

Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.

As a remedy for those easily recognized symptoms of inflammation caused by uric acid—as scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly An-u-ric acts; the pains and stiffness rapidly disappear, for Anuric (anti-uric-acid) is many times more potent than lithia and often eliminates uric acid as hot water melts sugar.

Anuric is a recent scientific discovery by Doctor Pierce of the Invalids' Hotel in Buffalo, N. Y. Send ten cents there for a trial package of Anuric.

TRIED ALL THE REST FOUND REDEX BEST

Marion Woman Discovers a Remedy Which Afforded Her Prompt Relief In Short Time.

Many people nowadays are apt to use drugs for quick relief every time they have an ache or a pain. This is only temporary treatment and is bad for the system generally. If persisted in it will lead to scores of complaints and even serious illness that might have been avoided. Take the common complaint of constipation — everyone knows, or should know, that every dose of a cathartic gives relief only for the time being and in reality aggravates the trouble. If you take cathartics continually you are liable to have chronic constipation. It is the same way with stomach trouble, headaches, dizziness or liver and kidney disorders. If you have gas on the stomach or pains after eating and take a pepsin tablet, bicarbonate of soda, charcoal, or what not, you are only getting temporary relief. The same thing applies in curing a headache with headache powders. As a matter of fact, you are in a worse condition as soon as the acute part of the attack is over.

Redex banishes constipation because it is mildly laxative and relieves the cause—stomach trouble. It stops pains in the stomach and gas belching because it drives away the catarrhal inflammation which is causing the trouble. It stops headaches, dizziness, improves digestion and makes away with kidney and liver trouble because it puts the body in a healthy condition and there is no longer any cause for disease.

Mrs. C. T. Sipe, who lives at 225 Farming street, Marion, is well pleased with the results she obtained from the use of Redex—she says:

"I have had stomacsh trouble and gastritis for some time. I had no appetite or desire for food as I always felt miserable after eating. The glands in my neck frequently became swollen and my throat would be very dry. I felt weak, exhausted and depressed. I treated with several doctors and I tried a number of remedies but got no substantial relief. Redex has greatly improved my condition. I now eat well and have the satisfaction of knowing that I will not suffer afterwards as I formerly did I certainly feel grateful for the way Redex has helped me and recommend it very highly."

Redex is on sale in Newark at all leading drug stores.

Redex can also be had in Granville at Ullman's Drug Store; Alexandria, C. M. Gilmore; Hebron Drug Store, Hebron; Utica, Richardson's Drug Store; Johnstown, Howard's Drug Store.

SPRING IS HERE BUT ARE YOU READY TO PARTAKE OF PLEASURES OFFERED?

Trutona Is Daily Winning Instinted Praise From Hundreds for Overcoming Tired, Draggy "No-Account" Feeling So Prevalent During the Present Season.

Does the coming of Spring with all its pleasures mean anything to YOU? "That all depends," may be your answer, and admittedly "it all depends"—it all depends upon whether or not your system has withstood the exacting siege of winter that leaves in its wake so many many thousands of people with a completely run-down systems.

In fact, conspicuously in the minority are those who have completely avoided the ravages of winter maladies. True, there are thousands who were successful in warding off attacks of influenza and still more thousands who escaped pneumonia, but WHO IS THERE THAT DID NOT EXPERIENCE AT LEAST ONE HEAVY WINTER COLD DURING THE PAST SEASON? Remember, only second in severity to pneumonia and influenza, is the heavy, winter cough or cold.

Like pneumonia and influenza, winter coughs and colds tend to weaken and materially affect almost every vital organ of the body. People who have suffered a heavy winter cough, yet feel that their systems have escaped the strain of winter weather, are sadly mistaken. If they could but grasp the facts, they would not wonder why they feel so tired, sluggish, lifeless and generally out-of-fix, when they know they should be full of "pep" and vitality, in perfect harmony with the invigorating breezes and sunshiny weather of Spring.

Thousands of people are now taking Trutona, the perfect Tonic, to overcome this weakened physical condition so prevalent at the close of winter and hundreds of public statements now being made daily prove that none has been disappointed in Trutona as a reconstructive agency, system purifier and body invigorant.

Trutona does its work quickly. It speedily attacks the impurities in the blood that might, if left alone, bring serious results. It rebuilds broken down tissues, strengthens the nerve centers and produces proper digestion and assimilation of food, at the same time throwing off any decayed matter that may have accumulated. In short, Trutona thoroughly and efficiently tones up every organ of the body and gives to your physical being the vigor and vitality, which alone can place within your reach the many pleasures which Spring offers to the healthy man and woman.

Trutona is sold in Newark at W. A. Erman, Druggist. 4-7-14

NEWARK MAN IS STROLLER STAR

Ohio State University's Crack Theatrical Organization Will Show Here One Week From Thursday.

Strollers is the oldest student organization at Ohio State. It was founded in the spring of 1893. Since this time it has steadily grown and at present is one of the most prominent as well as the oldest student bodies on the campus. This spring will mark its 27th consecutive production and "Mufti," a comedy of unrest by Carl B. Robbins, is the play which will be offered. The play appears at the Auditorium April 15 and Wayne Overturf, a Newark boy in O. S. U., will be seen in the lead.

In order to be a member of Strollers two requirements must be satisfactorily completed. First it is necessary for a student to enter a series of tryouts in which personality, voice and character form the base for judgment. Following this tryout it is necessary for a student to compete for a part in the play and carry out this part before the foot lights.

Besides possessing dramatic talent it is likewise necessary that a Stroller be a good student. Because of university rules no student is permitted to carry a part in the play if he has any failures or conditions in his scholastic work. Several times this rule has kept valuable material out of the cast, but the university refuses to waive the rule since President Thompson of Ohio State holds that the university is primarily for educational purposes with other activities second.

Because of its long existence Strollers has almost passed the stage of an amature dramatic society. Practically every member of this year's cast has at some time or other taken part in professional dramatics. The organization is known throughout the country to stage managers and Stroller members have but little difficulty in finding openings upon the stage after leaving college.

Last year's president of the Strollers, Elliot J. Nugent, has this season been playing second lead in "Tillie" with Patrica Collings.

Carl B. Robbins, Stroller coach, is an old member of the organization. In his junior year at Ohio State, after making a favorable appearance in one of Strollers spring play, Mr. Robbins left school to accept an offer from a New York theater manager. For the six years following his withdrawal from Ohio State, Mr. Robins traveled on the road with various theatrical companies, leaving his troup in time to return to Ohio State to coach Strollers' spring play.

With the opening of the war Mr Robbins left the stage and enlisted in the army serving nearly thirty months over seas. He received his discharge from the service March 5 and came back to Ohio State at once.

Since his arrival in Columbus Mr. Robbins has written "Mufti," a comedy of unrest. He declares he worked the play out while waiting for transportation home. "Mufti" deals with present day life as seen by an ex-soldier. Each character in the play Mr. Robbins says tells the life of one of his friends.

Because when he wrote the play Mr. Robbins had a definite type of person for each character in his mind, the selection of the cast was most difficult. Mr. Robbins said that each character must be in accord with his ideas if the play was to go across in proper shape. This necessitated two series of tryouts lasting for more than ten days One hundred and nine students answered the first call. Out of this number the entire cast could not be picked to the satisfaction of Mr. Robbins and a second call was issued. Eighty-seven students responded to this appeal. To fill the part of the colonel, it was necessary to make five calls before the proper man was found.

RECORD CROWD IS EXPECTED AT BOUT

Big Seat Sale for Sheridan-O'Dowd Match At Hickey Hall Tonight—Good Preliminaries Promised.

Seats are selling rapidly for the boxing matches at Hickey hall this evening and a record crowd seems to be assured. The bouts secured are all high class and a good program has been arranged. In the main go Jap Sheridan, of Cleveland, will meet Phil O'Dowd, of Columbus, in a ten round bout. These boys weigh 118 and both have had lots of experience in the boxing game.

John Sullivan, of Lorain, will meet Eddie O'Dowd, of Columbus, and brother of Phil, in the semi finals of six rounds.

John Petroda, who was scheduled to appear here tonight matched with Art Skeen, will be unable to appear and a match between Fishbaugh and Mitchell, both local boys, has been sustituted. Fishbaugh gabe a good account of himself before the Moose club Saturday and the match will be a good substitution.

ALL DUE TO MALNUTRITION

Various Diseases of Infancy and Childhood That Can Be Traced to Undernourishment.

Practically all varieties of malnutrition occurring during infancy and early childhood tend to terminate in rickets, a disease characterized by softening of the bones and consequent deformity. The essential feature of rickets, says Dr. E. Pritchard in the British Medical Journal, is the want of calcification or mineralization of developing bone, and this, in its turn, is due to the existence of requirements for calcium, which for the time being are more urgent than those of developing bone. These urgent requirements are the necessity for neutralizing acid bodies in the blood; in other words, to neutralize or compensate an existing acidosis. Doctor Pritchard argues that all chronic conditions of malnutrition, of whatever kind or from whatsoever cause arising, finally terminate in an acidosis—all of which means that children who do not get proper nourishment are in a fair way to become deformed.

Advocate Want Ads bring results.

THE PROPER WAY TO TAKE ASPIRIN

First see that the tablets you take are marked with the "Bayer Cross."

The Bayer Company, who introduced Aspirin tell in their careful directions in each package of genuine "Bayer Tablets of Aspirin" that to get best results one or two glasses of water should be drunk after taking tablets.

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Then you are getting the world famous Aspirin, prescribed by physicians for over eighteen years.

Each unbroken "Bayer" package contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, and for Pain generally

Handy tin boxes of twelve tablets cost but a few cents Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylic acid.—Adv.

BUY W. S. S. AND HELP MAKE MURPHY WINNER

The Ohio War Savings committee is planning another lake trip for the letter carriers this summer and Daniel A. Murphy of Newark hopes to be a member of the party.

Last year Newark produced the champion War Savings Stamp salesman among the letter carriers of America in the person of James G. Cooper.

—Photograph by Mueller.
DANIEL A. MURPHY.

Mr Cooper, with a party of mail carriers from nearly every county in Ohio, was given a fine trip and another one like it, though better, is being arranged for this season.

Licking has been placed in a district with Muskingum, Tuscarawas and Trumbull counties. The letter carrier in this district who has the largest amount of W. S S. sales to his credit will be given a lake trip from Cleveland to Niagara Falls, Buffalo, Detroit, Mackinac Island and Chicago. The state committee will defray the entire expense

Mr. Murphy already has a large W. S. S. sale to his credit and he is working every day to increase the amount. In buying W. S S. ask to have the credit given to Mr. Murphy as he is the only Licking county candidate for the trip.

Daniel A. Murphy is one of the most popular men in the postal service here. For nearly 27 years he has been a letter carrier and prior to that was for three years a postoffice clerk. His route lies along Elmwood avenue and through the north end of Newark. Buy W. S. S. and help to make Dan Murphy a winner.

Highland Superstitions.

Did you know that if you lived in Scotland all salt cellars in the house must be full on New Year's day, else the household will suffer want during the year?

That is not the only superstition peculiar to Scotland. The country is full of them. For instance, the Highland nurses believe that if an infant's feet are put in snow he will never have colds during his life. A regular practice among the farmers used to be the placing of honeysuckle branches in their cow houses on May 2 to keep their cattle from being witched.

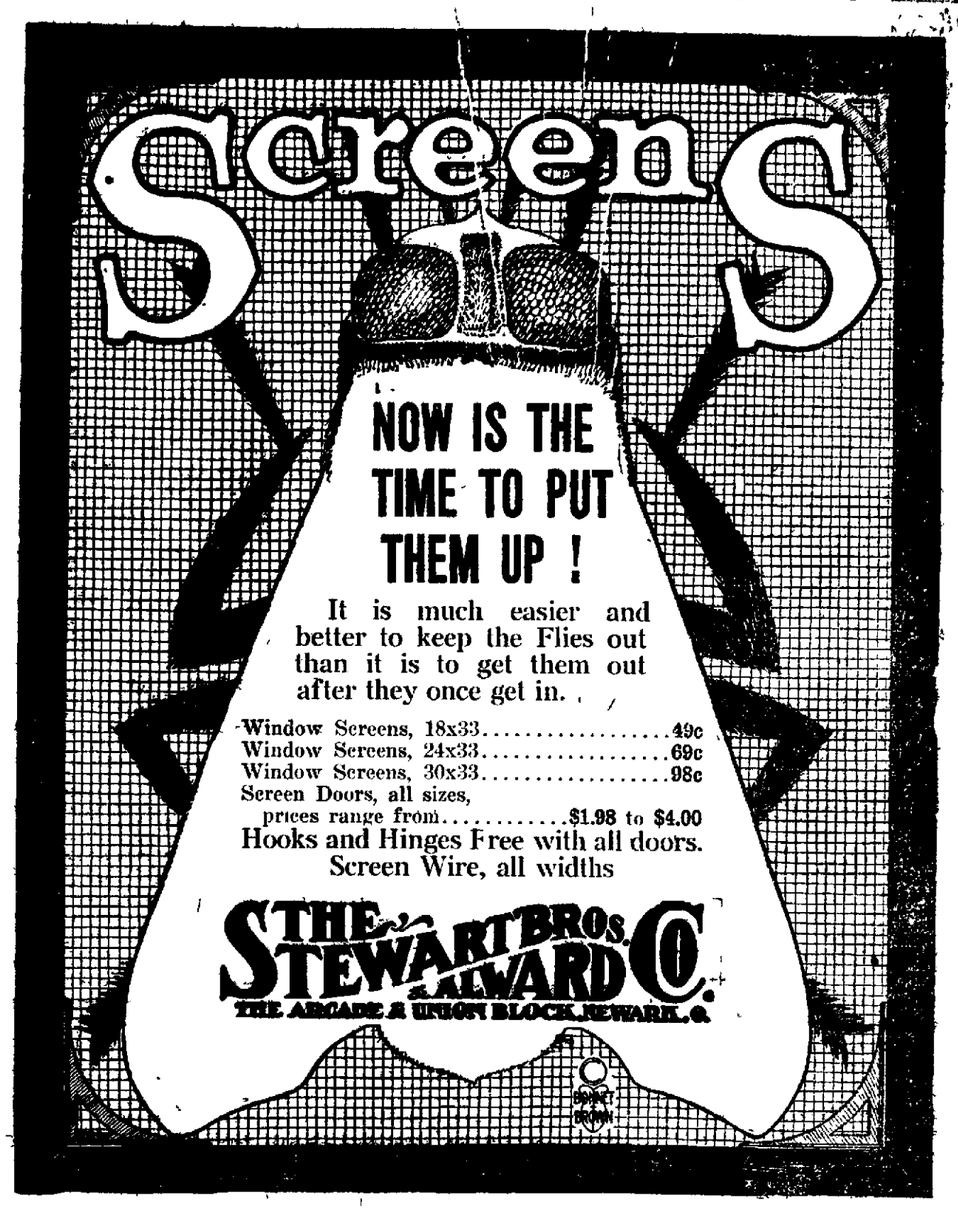

A bad storm is prophesied when a cat frolics about a room. If the cat washes its face with its paws before the fire, the coming day will be rainy.

Strong Caps of Paper.

Astonishing strong paper caps, capable of withstanding powerful blows, though extremely light in weight, have been invented by a shipyard employee, and are intended to be worn by workmen whose duties expose them to danger from falling objects, says Popular Mechanics' Magazine.

The process by which the novel headgear is produced has not been divulged, but it is known that chemicals are employed to harden the material, without adding to its weight. Several styles have been made, the lightest weighing about seven ounces, and others slightly more. In a recent test, a 1 pound bolt was dropped on one of them from a height of forty feet, with the result that a barely perceptible dent was made in the paper. The novel head coverings are proof against water and acids, and are nonconductors of electricity.

You never can tell. It isn't until a man's inventions are serious, that he becomes foolish over a girl.

A FORMER SOLDIER JUST FROM FRANCE IS PRAISING DRECO

Sergeant Minor of Newark, O., Says: "My back was weak, kidneys gave trouble, and had pains constantly, in my right side."

ALL GONE NOW

While most of "our boys," returning from France, are in good health, we sometimes see one who is not. The old saying "What is pie for one, is poison for another," was true of army work and discipline. Such was the case with Sergeant T. J. Minor, 78 Hoover St., Newark, O.

"Upon my return from France, I found my back was weak, kidneys out of order, and stomach seemed unable to digest my food, as it should. I had a pain in my right side constantly, was quite nervous, slept poorly, and often had dizzy spells. Looking around for a good medicine to put me in shape, I decided on Dreco, as so many people around here were praising it. Am glad to report that it has done me a lot of good, for my stomach gives me no more trouble; the pain is gone from my right side, I sleep well' have a good appetite, and the dizziness has stopped. I strongly recommend Dreco, for I believe it is a fine medicine."

Dreco is a scientific combination of good, old-fashioned roots, herbs, barks and berries. It contains absolutely no mineral salts, or harmful metallic drugs. It has been recommended strongly for stomach, kidney, liver, nerve and blood disorders, and already there are hundreds of men and women in this section, who are taking it with excelient results.

All good druggists now sell Dreco, and it is highly recommended in Newark by Evans' Cut Rate Drug Store.

AGED PEOPLE SUFFER

And Weaken Their Vitality by Constipation, Liver, Kidney and Other Irregularities.

Sulpherb Tablets, a Mild, Efficient Formula, Gains Wide Popularity in Recent Years.

A "young" woman, seventy seven years old, writes, "I am taking Sulpherb Tablets and I think they are a splendid remedy for constipation. I am seventy seven years old and have tried many remedies but have found none as effective as this. I am recommending them to all my friends suffering from the effects of constipation. They are not only laxative but a fine tonic also. I feel much better and stronger since I began to take them Sincerely and gratefully yours."

(Mrs) Ellen A. Bennick,
Cambridge, Mass

Sulpherb Tablets (not sulphur tablets) are composed of sulphur, cream of tartar and the fine extracts of roots and herbs, and are surely suited for children or adults to overcome the ills that follow a dormant liver, constipated bowels and inactive kidneys Headaches backaches dizzy spells pimples rash, boils, nervousness, all follow the train of irregular elimination of impurities A week's treatment will please and gratify the most skeptical Sold by leading druggists everywhere at 60c per tube.

He Deserves Recognition.

Mr. Meekton says he hopes women will get enough influence in politics to get some kind of recognition for the chap who has devoted most of his energy in life to being a good provider and a kind father.

Gnaggs—"My wife is a dream." Wagwag—"I am surprised to hear you make such an assertion." Gnaggs—"Why? Dreams go by contraries, you know."

MONEY IN CAMPAIGNS.

On the Democratic side it does not appear that much money is being spent in getting presidential convention delegates. Several avowed candidates are in the field. But they are working in a normal way, without costly publicity bureaus. They are getting support on their merits, and trusting mostly to voluntary effort.

On the Republican side a different situation exists. The supporters of several candidates are reported to be spending a lot of money. The people will be very curious to know who is putting up these funds, and for what purpose, and how all this money is being used.

Popular feeling is more and more hostile to lavish expenditures in putting over elections and nominations. If the man who puts out the most money is going to win campaigns, there will soon be an end to good government, and elections will become an auction.

A candidate who has any chance of winning can always get a lot of volunteer support. He does not need a great force of paid workers. His cause will grow by its own momentum, by its own inherent strength. The people are anxiously looking for sound and broad statesmanship and initiative. They can be very quickly aroused to take an interest in any promising candidacy without the manufacture of enthusiasm by artificial means.

William J. Bryan had a good idea in the campaign of 1908, when he demanded publicity of campaign contributions. Where so much money is being spent, a lot of it is sure to leak out in improper ways, even with the best intentions of the candidates and his managers. The Republican candidates will do much better to cut out the money bags. The man who has a good cause will find it will grow faster and will win more real friends, if it seems to stand purely on its own merits.

CONVENTION DELEGATES.

In the campaign of 1912, there was a movement to have presidential nominations made by vote at the primaries. But as people thought it over, this seemed impracticable. Among the many candidates, no one could get a majority. The nomination would then go to a minority candidate. The convention, with opportunity for consultation among delegates of all sections and for balloting to determine which has the most support, gives a more deliberate choice.

This year public sentiment seems still more inclined to leave the choice of presidential candidates very largely to the conventions. The majority of the delegates will go uninstructed.

Where this is done, it becomes doubly necessary that careful thought be given to the choice of such delegates. The very worthiest citizen may show poor judgment when he gets to a convention, and vote for some one acceptable to few.

Candidates for delegates should state quite clearly what their preferences are, so that the people will know what they are voting for. Yet it is well to give them some freedom of action. If it becomes impossible to name the candidate of their first choice, they must support the one who in the light of developments and deliberation proves the most acceptable.

The conventions should not be made up merely of politicians, who usually are guided by mere expediency. These are critical and difficult times. A man must be found for president who has constructive ability of a supreme order, and who can initiate wise reconstruction legislation and lead the country safely into the new era.

AERIAL SPORTING EVENTS.

The army aviator who on being demobilized went back to ordinary callings, must often have felt like a race horse hitched up to plough a corn field. Also many thousands of men who worked on the Liberty airplane motor, must have had a little of the same feeling when they returned to ordinary automobile work.

The airplane seems to have dropped out of ordinary thought, since the days one read of its exploits as a daily part of the war news. But many thousands of men can't forget it. They still live airplanes think airplanes, dream airplanes. Their minds are fixed on the possibilities of this great new facilty.

Over $1,500,000 is offered in prizes in this country and Europe this summer, for various airplane demonstrations. Greatest of all is the proposed aerial Derby around the world, for which the effort is made to raise $1,000,000 in prizes.

The list of fatalities to follow from the aerial events of this year is not likely to be a short one. But so it has been all through the world's progress. The primitive people who first developed sea navigation, must have suffered astounding loss of life. Who can estimate the number who gave up their lives in developing electricity? Man always has to pay his toll for his scientific progress. There are always daring spirits willing to take chances which the ordinary person would feel to be foolhardy.

Among the prizes offered this year are 100,000 francs for aerial safety appliances. This is the heart of the problem, and the end for which the most liberal rewards should be given. The people are not interested in the airplane as a sporting proposition or an instrument of war, but as a possible means for facilitating industry and the communications of daily life.

What's in a name asked Mr. Shakespeare some time ago. Sometimes it's a whole lot. For instance, there's Oshkosh, whose population in the past ten years has increased only .03 per cent. Oshkosh is a good town, but who wants to move to a town whose name sounds like a joke?

AN ENDLESS CONVERSATION.

(Cleveland Plain Dealer.)

The allies are fairly well convinced that Holland is going to do just about as she pleases in regard to the ex-kaiser. They are not, however, satisfied to let it go at that. From time to time the responsible statesmen of France and England and Italy dispatch a note to The Hague containing objections to this or that item of the Dutch program. The notes are dignified, but polite. In return the Dutch government sends an equally polite refusal to comply with the allies' suggestions.

Meanwhile the ex-kaiser languishes and his potentiality diminishes. If the conversation continues long enough the ex-kaiser may be gathered to his Hohenzollern fathers before it is completed, and so everything will be all right. The Dutch will have upheld their dignity and vindicated their "hospitality," and the allies will merely draw a line through the first name on their book of indictments.

TIMELY QUERIES

1. April is the month of showers. What is the meaning of "showers?"
2. Who was General George Klapka, who was born 100 years ago today?
3. One hundred and fifty years ago today was born William Wordsworth, one of the "lake poets," and why were they so called?
4. Three years ago today Cuba declared war against the Teutonic allies. How many declarations of war were made during the world conflict?
5. Who is Benny Leonard, who enters upon his twenty-fifth year today?

Answers to Yesterday's Queries.

1. Raphael was one of the greatest of Italian painters.
2. There is no longitude at the North Pole. Longitude is the distance east or west of a given point, and since the poles are at the end of the earth, the only direction from the North Pole would be south.
3. April 6, 1917, was the date on which President Wilson signed the joint resolution of Congress declaring a state of war existing through the acts of the German Government.
4. The first Morman church was organized at Manchester, N. Y., April 6, 1830.
5. Robert Bridges is the present Poet Laureate.

Pointed Observations

Our idea of a pessimist is a person who can't admire orange blossoms for thinking of the lemon crop.—Dallas News.

The world is full of hard experiences and we sometimes wonder in our depressed way if 4½ per cent milk of human kindness is unconstitutional.—Ohio State Journal.

If our new ambassador to Mexico escapes kidnaping he may be able to advise other Americans how to do it.—Philadelphia Press.

In these money-mad days it would be a joy to run across the man who wants but little here below.—Toledo Blade.

Utterly impossible to keep liquor out of politics, even when there isn't liquor.—Louisville Courier-Journal.

However, there'll be no "passing the buck" this spring.—Columbia Record.

With an alarm wrist watch is supplied an electric battery to awaken a sleeper at a designated time by sending a current through and warming a strip of metal on his arm.

In parts of rural England it is a marriage custom for the cook to pour hot water over the threshold after the bridal couple have gone in order to keep it warm for another bride.

No, Maude, dear, it isn't necessarily the prefix that makes misfortune feminine.

The Advocate's MIXING POT

There is a comfort in the strength of love;
'Twill make a thing endurable, which else
Would overset the brain, or break the heart.
—Wordsworth.

Fickle Spring.

How dreary the landscape today!
The snow covers maple and larch;
Of the weather the best one can say
Is that April's as pleasant as March.

A Happy Medium.

Aunt Ca'line says:—Miz Judge Howells has been a-cleaning house already for she's some fat an' she likes to get all done afore hot weather. Mandy Lee has been a-helping her an' yesterday jest as she was a-starting home Miz Howells give her a ole surge suit she had dug out o' the attick when she was redding it up. Mandy looked at it kind o' critical a minit an' then says she, "Well, it's jest right," she says. "What do you mean jest right?" says Miz Howells. "Why," says Mandy, "if it was any better you wouldn't have gave it to me," she says, "an' if it was any worse I wouldn't have took it," says she.

A Condition All Too Common.

Well, it hasn't anything on us, thought we as we noticed a sign in the post office yesterday "Don't use this door, it's broke."

Insufficient Grounds.

One of the curses of the times is the frequency of resort to the divorce courts and proceedings were brought against us yesterday on the seemingly inadequate ground that, somewhat affected by the soft Aprilian ardors, we went out after luncheon in our best and everyday clothes, now only two years of age, and distributed to good advantage on Mother Earth's tawny bosom a few forkfuls of lovely manure, as the dear old man who sold it to us fondly and truthfully called it.—Ohio State Journal.

The best we can do is to argue from precedent, clothes being more or less illogical anyway, and there is absolutely nothing in sacred or profane history to indicate that Adam changed his clothes every time he temporarily quit writing paragraphs to go out and work a little while in the garden, or vice versa.

Paradoxical as It May Seem.

When lovely woman runs to form
She makes mere man look like a fool;
In winter lace will keep her warm,
In summer furs will keep her cool.
—Luke McLuke.

Man's guided by as queer a rule,
So why at woman rage and storm?
Man drinks in summer to keep cool,
And drinks in winter to keep warm.

Did You Know

That William Wordsworth, among the most distinguished of English poets, was born at Cockermouth, Cumberland, April 7, 1770? He received his degree as Bachelor at Cambridge in 1791, and in 1793 he published two poems which won him a place in English literature. The remarkable, lifelong devotion between Wordsworth and his sister, Dorothy, has been the subject of admiring comment. He was married to Mary Hutchinson in 1802. The place most associated with Wordsworth's memory is Rydal Mount, to which he transferred his household in 1813. In 1839 the University of Oxford conferred on him the degree of D. C. L. and on the death of his friend Southey, in 1843, he succeeded to the laureateship. He died April 24, 1850.

Mathhewson Frinstance.

A baseball pitcher may not be
A king, but it is known,
That with control and speed, why he's
A power behind the thrown.
—I. G.

Married Strangers

A powerful story dealing with a problem being worked out in thousands of American homes to-day—that of the husband and wife who find they grow apart while the man was off to war.

By FRANCES DUVALL.

Copyright, 1919, by The Wheeler Syndicate, Inc.

CXVII.—Feminine Confidences.

Keitha was adjusting Miss Caldwell's veil over her sailor hat when a bell boy knocked and thrust in a florist's box.

It contained orchids, gorgeous and voluptuous in their tropical perfection.

Keitha handed the one which bore Copley-Warner's card to his bride-elect.

She took it hesitantly and regarded it with awe.

"No one ever sent me flowers before in my life," she said slowly and quick tears sprang into her eyes.

Keitha turned away to hide her own moist eyes. There was something infinitely pathetic in the little missionary's expression.

"How charming that your future husband should be the first," she murmured tactfully.

The bride-elect pinned the corsage on the bodice of her simple little frock of tan linen. Her lips were trembling.

Seeing the flowers recalled to Keitha the evening in Chicago when she and Marcia Holmes had been the recipients of similar corsage sent by Bennett and Captain Sinclair.

"You never happened to hear of a man named Tasker Bland Holmes while you were in France, did you?" she asked Miss Caldwell on a sudden impulse.

"Tasker Holmes?" echoed the little missionary. "I should say I did! He caused more trouble than all the doughboys put together. Brains are a dangerous weapon in a man of that type. Did your husband know him?"

"He is the husband of my best friend."

Miss Caldwell looked at Keitha quickly.

"War Romance?"

"Yes."

Miss Caldwell nodded.

"Another one," she commented ambiguously. "Well, she's lucky to get off with being his widow."

"But she's not!" cried Keitha. "He's alive and in great trouble!"

"What!"

The little missionary turned from the glass incredulously.

"Holmes has come to life?"

"Apparently he was voluntarily 'missing,'" replied Keitha simply. "He came to life very quickly when he needed assistance."

"I hope the girl wasn't simpleton enough to send him money. That's what Holmes always wants."

"Lester sent him some," Keitha flushed, "But I asked him to," she added.

"Umm."

Miss Caldwell considered, biting her lip.

"Take my advice and leave Holmes to his own devices. There are enough charges against him now to make it advisable for him to disappear permanently. Tell your friend to divorce him for desertion. He's what the Tommies call 'a rum 'un.'" she finished with a smile.

"I wish Marcia would free herself," said Keitha. "There is such a nice young man in Chicago—"

"Matchmaker!" laughed the little missionary. "I'm convinced that Copley-Warner and I would never have reached this understanding if it hadn't been for you and Captain Bennett. We've crossed together for twenty years and he never wanted to marry me before."

"But why should we have influenced him?" asked Keitha amazed.

The bride-elect laid her both hands on the girl's shoulders and looked in her eyes.

"My dear, the sight of a young couple very much in love will make the oldest heart beat faster."

"But we're not at all in love—Lester and I," began Keitha, then bit her lip to restrain this impetuous confidence.

The little missionary laughed softly.

"Then, this is the best place in the world for you. You can resist falling in love here. And, my dear, take the word of an old woman who probably doesn't know much but has seen a great deal of life; don't expect too much of a man. He's as human as you are and hasn't the tact to hide it with a pretty veneer."

Tomorrow—Ships That Pass.

DO YOU REMEMBER?

When Joseph A. Caldwell built the brick house in East Locust street now occupied by Albert A. Stasel?

When J. C. Galbreath conducted a grocery where Erman's drug store now is?

When E. W. Crayton built the row of houses in West Main street extending from the creek bridge to Eleventh street?

When Col. W. C. Wells had a tailoring store in the Warden block?

When Capt. Wm. C. Miller marched at the head of his battery from North Park Place to the Pennsylvania station at the outbreak of the Spanish war in 1898?

When Jesse R. Walters proprietor of the Arcade Hotel was head man at the Warden?

When Robert M. Davidson was a major in the Ohio National Guard?

When William E. Miller represented this district in the Ohio Senate?

When Prof. Wm. Weaver taught music in the Newark public schools?

When Elmer E. Vance's "Limited Mail" packed the Auditorium a few weeks after the house was opened to the public?

When Sudbury's shoe shop was in East Main street where Chase the Photographer is now located?

NEW ILLS OF THE FLESH HERE WITH THE SPRING TIME

Troublesome Seeds Sown by the "Flu" as Well as by Winter.

It is needless to argue that the body reaches winter's end with lowered strength. Everybody knows that with this coming of the season's change the body needs a "spring tonic." Those who've been at grips with influenza know further that in their cases more toning and building up will be needed this month and the next than ever.

Nerv-Worth stands ready to fill the bill. It steadies and strengthens the nerves, whets the appetite, aids digestion, rouses the liver, regulates the bowels, restores restful sleep, banishes sick and nervous headache and other aches and pains, builds up run-down systems. In doing this it becomes the best of spring tonics. No need to dwell on this, either. Make the test yourself—buy a bottle of Nerv-Worth and if its contents do not tone and build you up in the way described the druggist will hand your dollar back.

Ask for Nerv-Worth Laxative Tablets, 25c a box. Taken in connection with Nerv-Worth, the liquid, they do a great work. Especially useful in thoroughly cleansing the bowels for those whose habits of constipation do not really yield to the laxative properties of Nerv-Worth, the liquid.

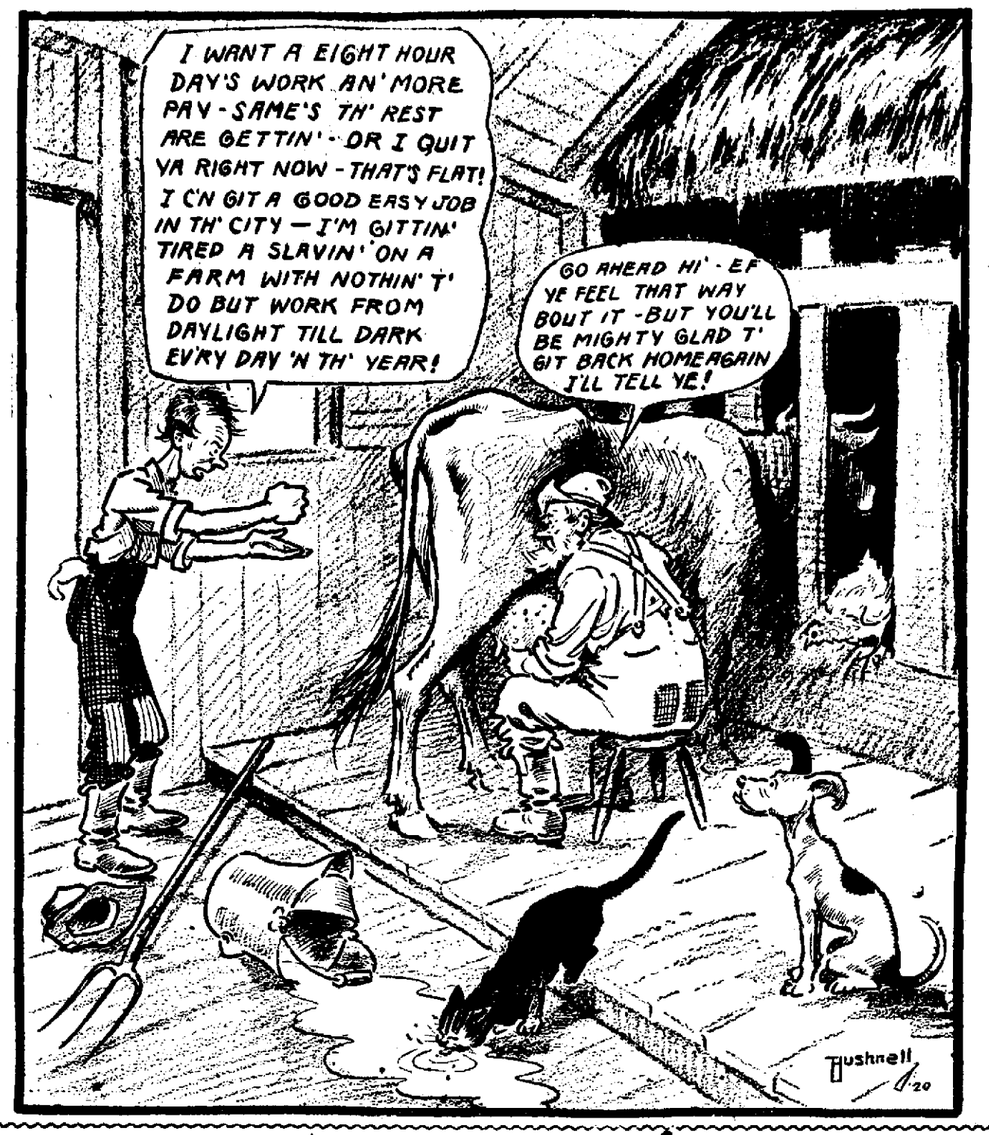

T. J. Evans sells Nerv-Worth in Newark.

DOES YOUR BLOOD NEED IRON?

How to Make the Test That Tells

A pale face, a nervous, irritable disposition, a lack of strength and endurance—these are the warning signals that Nature gives when your blood is getting thin, pale, watery and starving for iron. If you are not sure of your condition, go to your doctor and have him take your count, or else make the following test yourself: See how long you can work or how far you can walk without becoming tired; next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. All good druggists sell Nuxated Iron, on the distinct understanding that if you are not satisfied your money will be refunded. 4-7-9

PEPTO-MANGAN FOR "SPRING FEVER"

Spring Days Are Treacherous—Germs Don't Disappear With Cold Weather

AND BLOOD IS SLUGGISH AND WEAK

Don't Take Chances If You Feel Bad. Enrich Your Blood With Pepto-Mangan

There is a great deal of serious sickness in the Spring.

And it is easy to see why. Long weeks pent up indoors, too little exercise and fresh air, winter sicknesses not entirely over with, a generally lowered vitality. Blood weak and sluggish. Then come fine Spring days—that are not as warm as they seem; or sudden changes in the weather, and you haven't taken proper precautions.

Vigorous, red-blooded people don't don't often get sick. If you're not feeling your best, get Pepto-Mangan of your druggist and take it to build up your blood. This effective and agreeable tonic has been tested for over thirty years, and physicians, everywhere recommend it for run-down, pale and anemic people.

The whole family should take Pepto-Mangan—it is good health insurance. Besides, what a joy it is to feel fit and fine—ready for anything! To have an abundance of energy and enthusiasm!

Pepto-Mangan is for sale at your druggist's, and in both liquid and tablet form. There is no difference in medicinal value. Take whichever you prefer. But to make sure you get the genuine, ask for "Gude's Pepto-Mangan" and see that the name "Gude's" is on the package.—Advertisement.

Rheumatism VANQUISHED

Know What You Take

N. S. R. P.

(Non-Secret Rheumatism Prescription)

This famous prescription you will find on every bottle. No more aches, no more pains, never fails to relieve sharp, shooting pains in the arms, legs, side or soreness of any part of the body. It rarely fails to give relief the first day.

N. S. R. P. (Non Secret Rheumatism Prescription) will be found the most beneficial treatment for Rheumatism in all its forms. Uric acid destroyed, striking as it does, directly at the cause, dissolving the uric acid in the blood, produces great benefit in cases of congestion of the kidneys, bladder troubles, sciatica, lumbago, etc.

Seek no further if you are suffering, don't delay, drop all your oils and liniments, Rheumatism is not a skin disease. Get a bottle, it will only cost you 50c and give the desired relief. It contains no opiates, morphine, nor narcotic drug. Formula on every bottle. Send by mail on receipt of 50c.

Non-Secret Remedy Co.
1215 Filbert Street, Philadelphia, Pa.

Sold at W. A. Erman's Arcade Drug Store.

"THE FATHER OF THE MAN"

THIS is "Jimmy," towheaded, with an eye that meets yours unswervingly, and as winsome a laddie as ever knelt for bedtime prayers. Jimmy is one of more than 25,000 homeless or poor children yearly cared for by the Salvation Army in the United States, and he lives in one of the Army's many orphanages.

"Send me a papa and mama!" is the burden of "Jimmy's" nightly pleas. "And—and, God bless the Salvation Army!" he almost invariably adds.

The Salvation lassies find fully as much enjoyment in caring for "Jimmy" and his thousands of brothers and sisters as they did in frying doughnuts for doughboys and marines in France. If the child is father to the man, they argue, the father must have a good bringing up. And so the chain of fifty Salvation Army orphanages, day nurseries and children's hospitals that stretch from coast to coast.

SOCIAL AFFAIRS

The Community club was delightfully entertained at the home of Mrs. James Watts, Thursday afternoon with twenty members present. The afternoon was spent in a social way. Mrs. Nola Perry won the first prize, Mrs. William Vanhorn second prize in the egg hunting contest. Refreshments were served to the members and following guests: Mrs. B. V. Weakley and sons William and Joseph, Mrs. H. M. McCracken son Dale, Mrs. Nola Weakly two daughters Mary Virginia Kreager, Agnes Runkle, Nellie Crawmer, Ellogene Watts, Robert Perry, George Morgan.

* * *

The Woman's Home and Foreign Missionary Society of the Second Presbyterian church will hold a "Relay Meeting," Friday, April 9th at 9.45 a. m., at the church parlors.

The study of "Christian Americanization," will be the topic and will be in charge of Mrs. Benjamin Remington Weld. It will be an all-day meeting and those attending, who care to bring their lunch may do so. Coffee will be served by the committee.

The following program will be given:

Morning Session.

Devotional exercises, Mrs. Fred Jones
"Christian Americanization."
"The Present Issue," Mrs. Omar Crane.
Vocal Solo—"The Shepherd of Love," Morr, Mrs. C. W. Miller.
"America's Genius for Assimilation," Miss Florence M. King.
"Italian Impersonation," Mrs. Benjamin Remington Weld.
Luncheon.

Afternoon Session 1:30 o'clock.

"Arrested Assimilation," Mrs. S. B. Henderson.
"Americanization of the Chinese," Mrs. M. B. Lee of Minneapolis.
"The Path of Progress and Daily Vacation Bible School," Mr. Charles L. Lender.
Play, "The Happiest Plan," My. Mrs. F. S. Osgood.

Cast of Characters:
Kate Burnham—Miss Mary Carl.
Mrs. Burnham—Miss Marguerite Meyer.
Selma (Their maid)—Mrs. Weld.
Mrs. Bernotti—Mrs. Chandler J. Tucker.
Carmela Bernotti—Mrs. T. J. Evans.
Lucia Bernotti—Mrs. James E. Currie
Act 1st: Synopsis:
"Burnham's Home," May 1st.
Act. 2d. "The Bernotti's Living Room," the following Saturday.
Cello Solo—Miss Sarah Stasel.
Act 3d. Same as Act2 (3 months later).

An invitation is extended to any who care to attend either morning or afternoon of both sessions and especially those who are interested in missionary work.

Mr. and Mrs. Earl Jones entertained at dinner at their home in Sharon Valley Sunday. The following were guests Mr. and Mrs. Simon Jones, Mr. and Mrs. W. H. Pittsford and Grover and Clara Pittsford.

* * *

The Woman's Home Missionary society of the Neal avenue M. E. church will meet in the church parlor Thursday afternoon at 2 o'clock. The mite boxes and the lenten offering will be taken.

* * *

The Missionary society of St. Paul's Lutheran church will meet at the home of Mrs. J. F. Cherry, 538 Hudson avenue Thursday afternoon at 2:30 o'clock.

* * *

One of the prettiest dancing parties of the season was given by the Phi Sigma Chi fraternity at the Elks hall last night. Dinner was served at 8 o'clock, the dining room having an aisle of palms interspersed with attractive floor lamps. On each side of this the long tables were placed and were centered with small baskets filled with cut flowers.

The dance numbers, a jazz, Oriental and aesthetic dance were given by a Columbus dancer and music was furnished by the A. T. O. orchestra of Ohio State university. About thirty couples enjoyed the dance program.

TO REVIVE SHOCK SUFFERERS

Application of Artificial Respiration Must Be Kept Up Despite Seeming Discouragement.

Dr. S. Jellinek, analyzing the effects of severe electric shocks received by contact with the electrified wire fences during the World war, wrote in Elektrotechnik und Maschinenbau that an important factor was the state of preparedness of the victim.

Experience, says the Scientific American, has shown that a shock which was likely to prove fatal if received unexpectedly, was harmless when anticipated. Experiments on animals have confirmed this impression and have been instrumental in showing that physiological effects of shocks administered with direct and indirect current are distinctly different.

It is also remarked that a close resemblance to death after shock should not be accepted too readily as proof. Persons apparently dead have not infrequently recovered when artificial respiration was applied. It is best to give the victim the benefit of the doubt.

Silleue And you really think it possible to improve on nature?" Cynicus "Well I think some men should be curtailed All dogs are

---

One swallow doesn't make a summer," quoted the Wise Guy. "But it would quench an almighty thirst," growled the Simple Mug.

EARLY TO BED, ETC., WRONG?

Or at Least, Sometimes There Is Something to Be Said on the Other Side.

There is a reverse side to every adage. Early to bed and early to rise may make a man healthy, wealthy and wise, but it does not necessarily fill him like a bottle with the milk of happiness.

One of the healthiest, wealthiest and presumably wisest men I know has been beating the birds to the first peep of dawn for 40 years, writes Herbert Corey. But he has a temper that would corrode copper.

Sometimes a controlled and conservative laziness may go farther toward insuring content than the laying up of millions to be spent by the English son-in-law.

"I have kept myself in training all my life," said one of the most important business men in the country to me this morning. "I have to be in the pink of condition to meet the day's strains."

He began as an office boy. Today he has approximately 50,000 employees and is the actual head of a large industry. Of course he has millions. Everyone has nowadays, so that is no distinction.

He likewise has a fine, upstanding, four-square son who bids fair to become as big a man as his father has been. But he has gone into another business.

"I didn't want him in mine," the father sighed. "I have risen early and gone to bed early all my life. I have been forced to go without the theater, to miss concerts, to avoid social intercourse, to give a daily hour to the gym. I have been the bond slave of my business. My day starts at eight o'clock at the office and it ends at six. I have been successful, but—"

Nix on those rhymed maxims. They jingle too merrily to be true.

LAUGHS AT ANCIENT SAYING

Here Is One Retired Business Man Who Is Not Afraid of "Rusting Out."

The world seems to be full of cheerful oldsters. Hear this:

"They tell us," he says, "that if a man quits work he soon rusts out; but I don't find that to be true. I haven't done a stroke of work in four years, but I don't feel a bit rusty yet, not a bit.

"They tell us also that 'they never come back,' and I think that may be true; really I am inclined to doubt whether I could now, at seventy-five, take up my work where I laid it down, when I was seventy or thereabouts; but I don't want to take it up.

"I don't think anybody is 'entitled' to anything unless he works for it; but I think I have earned a rest. I worked hard for fifty years; in that time I did about one hundred years' work. So, as I figure it, there is still rightfully due me about 45 years of leisure.

"In other words, I should have to live to be about one hundred and twenty before that alleged rust law would properly apply to me; and I hope I shall live at least that long and all the time as free from rust, as comfortable and happy, as I am at the present moment."

Hundreds of Varieties of Figs.

The fig family, Moraceae, is one of the largest in the vegetable world. Botanists have identified and described more than 600 species, mostly tropical evergreens, frequently of gigantic proportions, often climbers or epiphytic. The species Ficus carica thrives in Egypt, but is of little value; also Ficus sycomorus, the fruit of which is consumed with relish by Egyptians; Ficus roxburghii, native of lower slopes of the Himalaya mountains of northern India, produces fruit of very large size, in massive clusters, but of not very high quality; Ficus pseudocarica of northeastern Africa, produces small, dark-colored, sweet, quite palpable fruit, the capriz form of which is receiving considerable attention in California. The original home of the cultivated fig conforms quite generally to that of the olive.

Karakul Fur.

Karakul, Persian lamb and Astrakhan furs come from the regions about Bokhara, in Turkestan. Before the war almost all of them were dyed and treated at Leipsic, where two houses alone received 750,000 skins, with a yearly value of about $2,700,000.

The race of sheep known as Karakul is a native of Turkestan, and its special home is in the vast sandy desert plains of Bokhara. The lambs are born covered with an abundant fleece, down to their hoofs and as far as their eyes. This fleece is formed of black strands tightly curled against the skin. If the animal be killed within three days of its birth and skinned at once the fleece remains unchanged. As it grows, however, the curls untwist, and after it once has been sheared the wool grows with scarcely a trace of curl.

Why Dance Party Is "Ball."

Ball play in church by the dean and choir boys of Naples was a curious old custom during the "Feast of Fools" at Easter. The boys danced around the dean singing an antiphon. The dean had a ball which he threw to them, and they caught it while dancing.

Later at private dancing parties the dancers threw a ball to each other as to the sound of their own voices, they whirled around in sets. The pastime consisted in loosening hands in time to catch the ball. Dancing has long survived this strange game, but a dancing party is still called a ball.

Don't kick because you are kept down in the world. Think of the coal miners.

CARROLL'S
35 SOUTH THIRD STREET

"The only medicine which does women more good than harm is dress."
—Dr. Richter

THE KEENEST SATISFACTION that comes from proper gowning is to feel that the clothes you wear are dignified, attractive and fashionable.

ONE of the outstanding merits of our apparel is that no one is ever in the slightest doubt as to its correctness, whether it be the wearer or the passer-by.

John J. Carroll

PERSONAL

Mrs. Ferd Resibach and Mrs. Walter Denterlein of Dayton are visiting Mrs. Denterlein's parents, Mr. and Mrs. William Burke of Cherry Valley road.

J. W. Knuepfer and daughter Mrs E. C. Pettit of Bloomfield, N. J., arrived in Newark Sunday evening having been called here by the death of the former's mother Mrs. Caroline Kneupfer.

Miss Frances Davis and Miss Gladys Taylor returned last night from Cleveland where they were the guests of friends.

Joseph Introcaso of the golf works has returned home after spending Easter at his home in New York City.

Patrick Gallagher of the golf works, left Tuesday for Newark, N. J. He expects to return soon bringing his family with him.

Miss Mae Duerr has returned to Dayton where she is employed after a few days stay here and at her home in Granville.

Miss Estella Devlin teacher of English in the Shaw High school in East Cleveland has returned there after spending the Easter vacation at the home of her mother Mrs. Catherine Devlin in North Morris street.

Mrs. Jesse Domer of Baltic is the guest of Mrs. C. G. Miller of East Indiana street.

Mr. and Mrs. C. W. Kent have returned to Chicago after spending a month with Mr. and Mrs. Frank Felix and Mr. and Mrs. Bernard F. Kent.

Miss Martha Fitzgerald, of Ravana, Adam Beltz and Lewis Barrett, of Wheeling, have returned to their homes after attending the funeral of Solomon P Duley, here Tuesday.

M. S. King of the Sharon Valley road, who has been very ill for the past two weeks with rheumatism and complications, is improving.

Miss Thelma Fox has returned to her home in Chicora, Pa., after spending several weeks the guest of Miss Jean Lahm of West Main street.

Heat for Alaska.

The Pacific has its own "Gulf stream," which is called the Japan current, and it is formed in the same way.

The trade winds, blowing from the tropics, bank up the warmed ocean waters in the Yellow sea (corresponding to our Gulf of Mexico), and thence they pour out between Japan and Formosa, the stream thus formed passing south of the Aleutian chain, along the southern coast of Alaska, and down the west coast of North America.

Hence it comes about that the whole southern coast of Alaska has a temperate climate. It is warmed by the Japan current.

RIDER and team are not fagged out at the end of the day. This cultivating is better because of perfect regulation of the depth and uniform work under all conditions.

BROWN RAMBLER
BALL BEARING
CULTIVATOR

It takes only a touch to shift the gangs when they are working deep. The cultivator is easy running and almost frictionless because of its ball bearings.

CHAS. STEVENS

OBITUARY

Mrs. Elizabeth Kochendorfer.

Complications following influenza caused the death of Mrs. Elizabeth Kochendorfer aged 64, wife of Jacob Kochendorfer, Monday afternoon at her home 63 Railroad street. She had been ailing for the past year, but had only been confined to her bed the past six weeks.

The deceased was born in Frederick, Maryland and came to this city from Bellaire several years ago.

Besides her husband she leaves one son and two daughters by a former marriage; John Hollinghead of Bellaire, Mrs Myrtle Nolan and Mrs. John Frost of this city. Three brothers also survive, Perry Lovejoy of Baltimore, George Lovejoy of Bellaire and James Lovejoy of this city.

The body will be taken to Bellaire Thursday morning at 9:20 and funeral services will be held Friday in the home of a niece Stella Lovejoy. Burial will be made in Rose Hill cemetery.

Mrs. Rilla Cosmoch.

Mrs. Rilla Cosmoch 57, and wife of Charles Cosmoch died this morning at 5 o'clock at her home a mile east of Jacksontotwn

She leaves her husband and one son and two daughters; Roy Cosmoch of Millersport, Mrs. May Lucas and Mrs. Mary Morrow of this city

Funeral services will be held Friday at 2:30 in the Fairmont church. The funeral will leave the home at 2 o'clock. Burial will be made in Fairmont cemetery.

Isaac M. White.

Funeral services for Isaac M. White who died Monday night at 10 o'clock will be held Thursday afternoon at 1 o'clock (central time) in the home in Union township Rev. C. G. Hazlett will officiate and burial wil be made in Maple Grove cemetery.

Mrs Caroline Kneupfer.

Funeral services for Mrs. Caroline Kneupfer were held this afternoon at 2 o'clock in the home in West Main street. Rev. P. E. Wright officiated and interment was in Cedar Hill.

George Oatman.

Funeral services for George Oatman were held this afternoon at 1 o'clock in the Pleasant View church. Rev. P. E. Wright officiated and burial was made in Wilson cemetery.

Ezra Priest.

Funeral services for Ezra Priest were held this afternoon in the Rocky Fork church and burial was made in the adjoining cemetery.

Mrs. Mary Westlake.

The funeral of Mrs. Mary Westlake took place this afternoon at 2 o'clock in the home in Elizabeth street. Rev. L. C. Sparks and Rev. I. G. McCormack officiated and burial was made in Cedar Hill cemetery.

Evan Price.

In memory of our dear husband and father, Evan Price, who died one year ago today, April 7, 1919.

Do not ask us if we miss him.
Folks may think the wound is healed;
But little do they know the sorrow
That lies within our hearts concealed.
The month of April again is here,
To us the saddest of the year,
Because it took our dear husband and father away
Just one year ago today
Sad and sudden was the call,
To one so dearly loved by all
His memory is as dear today,
As it was the day he passed away
His Wife and Daughter

Dayton Three hours after Mrs Chas Becker, Phillipsburg, lost package containing $5,000 in currency on street car, it was returned to her Conductor on car found package.

THE BEST ON EARTH

Says Mrs. Staples of Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months, caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly. Then during the Change of Life I used the same remedy. I am seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude to it."—Mrs. Susan C. Staples, 157 B School St., Taunton, Mass.

The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness.

It has relieved women from some of the worst forms of female ills, such as displacements, inflammation, and ulceration. Why don't you try it?

HOW TO RAISE BABY CHICKS

Put Avicol in the drinking water.

Most people lose half of every hatch, and seem to expect it. Chick cholera or white diarrhoea is the trouble. The U. S. Government states that over half the chicks hatched die from this cause.

An Avicol tablet, placed in the drinking water, will positively save your little chicks from all such diseases. Inside of 48 hours the sick ones will be as lively as crickets. Avicol keeps them healthy and makes them grow and develop.

Mrs. Vannie Thackery, R. F. D. 3, St. Paris, O., writes, "I had 90 chicks and they all died but 32. Then I commenced on Avicol and haven't lost any since. They have grown wonderfully."

It costs nothing to try Avicol. If you don't find that it prevents and promptly cures white diarrhoea, chick cholera and all bowel diseases of poultry, tell us and your money will be refunded by return mail. Avicol is sold by most druggists and poultry remedy dealers, or you can send 25c or 50c today for a package by mail postpaid. Burrell-Dugger Co., 807 Columbia Bldg., Indianapolis, Ind.

EXCESSIVE USE OF TOBACCO AFTER 45 IS SUICIDAL, SAYS DR. HIRSCHFELD

Most men who use tobacco have no idea of the harm tobacco does them because it does it so slowly that no one day's damage is noticeable. In the strength and vigor of young manhood the injury seems trivial but it accumulates day by day and lays the foundation for many troubles later in life. Tobacco lessens the powers of resistance to disease, and along in the late thirties—sometimes much earlier—it begins to tell, and the awful damage it has done begins to show.

Dr. Hirschfeld in his book, "The Heart and Blood Vessels," says excessive use of tobacco after forty-five is suicidal. Authorities agree that excessive use of tobacco causes loss of appetite, cancer of the stomach and intestines, indigestion, headaches, extreme nervousness, sleeplessness, irritability, lack of concentration, dimness of vision, loss of will-power, forgetfulness, and many other serious troubles. It also causes hardening of the arteries and high blood pressure and these are the troubles that manifest themselves along in the forties.

Thousands of men who use tobacco daily know it is injuring their health and from time to time they decide to cut down the supply and use less. Thousands of them would quit but they lack the will-power to stand the awful craving that follows giving up the habit. There is hope and relief for all such if they will let Nicotol set them free. Nicotol has helped thousands to give up the habit or to lessen the supply of tobacco used. It is not habit-forming. It simply kills the craving for tobacco and supplies what the nerves need temporarily to brace them up until the nicotine is out of the system.

You can quit tobacco if you want to and will let Nicotol help you. Your druggist has it or can get it.

A grateful user says: "I will be glad to help anyone out in a case like I once had, and now I am at last freed by your wonderful Nicotol. You are perfectly welcome to use my letter to save another victim from that dangerous tobacco habit."

Note: When asked about Nicotol one of our leading druggists said: "Nicotol is truly a wonderful remedy for the tobacco habit. It is way ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol is sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including T. J. Evans.—Advt.

IN 1895

The Buckeye State Building & Loan Co. Was Organized. It Has Become One of the Leading Financial Institutions of Columbus.

1. For over a quarter century
2. It has received money on deposit and loaned it on first mortgages to help people buy or build homes.
3. It is an institution of and for the people
4. And is known the State over for its conservative policies.
5. Truly a strong Building and Loan.
6. Assets now over $19,000,000.
7. Convenient location, Rankin Bldg., 22 West Gay St., Columbus, O.
8. 5% on time deposits. All business by mail if desired.

Willys-Overland, 25 3-8.

Wall Street.

New York, April 7.—Motors and rails dominated the live opening of today's stock market, supplementing for the most part yesterday's substantial gains. Studebaker was the outstanding feature as a result of the 33 1-3 per cent stock dividend declared yesterday.

The first transaction in that issue comprised one block of 18,000 shares at 119, down to 117, an extreme overnight rise of 9 points. United States Steel was again heavily traded in, its initial offering being 10,000 shares at 106, unchanged. Equipments, oils, shippings, coppers, food shares and miscellaneous issues were 1 to 2 points higher.

The market surged upward buoyantly during the morning, regardless of heavy profit taking, sales of the first hour approximating 500,000 shares. Studebaker extended its advance to almost 125 and other features of pronounced strength included General Motors, Bethlehem, Crucible and Republic Steels, Baldwin Locomotive, Mexican Petroleum, Texas company, American Woolen, United States Rubber, aMrine Preferred, Atlantic Gulf, United Fruit, American International, Corn Products and several sugar issues. Advances among these stocks ranged from 2½ to 6 points but United States Steel failed to gain much more than a point. Call money was freely supplied at 6 per cent.

Cleveland Produce.

Cleveland, April 7.—Butter: Creamery, in tubs, extra, 70 to 70½c; firsts, 68 to 68½c; seconds, 62 to 63c.

Eggs: Open market, 43 to 44c; extra firsts, 45c; northern extras, 46c.

Cheese, Michigan flat 34 3-4; brick 35; swiss 45@55; longhorn 37@38; Wisconsin flat 34; American, whole milk fancy twins 30. Cottage 15@16 at retail.

Live Poultry: Capon chickens, 45 to 50c; light fowls, 41 to 42c; extra, 44 to 47c.

Potatoes: Michigan round, white No. 1, $9; New York round whites, $9.

Sweet Potatoes: Eastern, $1.75 to $2.10.

Pittsburgh Live Stock.

Pittsburgh, April 7.—Hogs: Receipts 1000; market lower; heavies $15.75@16; heavy yorkers $17.60@17.65; light yorkers $16.75@17; pigs $16.25@16.50.

Sheep and lambs: Receipts 1,000; market steady; top sheep $12.50; top lambs $18.

Calves: Receipts 120; market higher; top $18.50.

Chicago Produce.

Chicago, April 7.—Butter: Higher; creamery, 49@67½c.

Eggs: Lower; receipts, 21,099 cases; firsts, 41@41½c; ordinary firsts, 37@38c; at mark, cases included, 41@42½c.

Poultry: Alive, lower; springs, 39c; fowls, 42c.

Chicago Grain Review.

Chicago, April 7.—Decided upturns in the value of corn took place today, influenced apparently more by scarcity of offerings than by any display of purchasing power. Opening prices, which varied from the same as yesterday's finish to one cent higher, with May $1.62½ to $1.63, and July $1.57 to $1.57½ were followed by a slight sag and then by material gains all around.

Oats, like corn, reflected the difficulties of the traffic situation and the consequent meagerness of receipts. After opening ⅛ cent off to ¾ cents up, including July at 82¾ to 84c, the market scored a moderate general advance.

Provisions were dull and weak. Pending settlement of the railroad strike, most packers here have suspended slaughtering.

Chicago Live Stock.

Chicago, April 7—Hogs: Receipts, 2,000; market steady with yesterday's average; bulk, $15.25@16.25; top, $16.50; heavy, $14.75@15.80; medium, $15.50@16.50; light, $15.80@16.50; light light, $15@16; heavy packing sows, smooth, $13@14; packing sows, rough, $13.75@13.25; pigs, $13.25@15.75.

Cattle: Receipts, 1,000; market weak; beef steers, medium and heavy weight choice and prime $14@15.25; medium and good, $11.65@14; common, $10.25@11.65; light weight, good and choice, $12.60@14.50; common and medium, $10@12.60; butcher cattle, heifers, $8@13.85; cows, $8@12.35; canners and cutters, $5@8; veal calves, $16@17.50; feeders steers, $9@11.85; stocker steers, $7.65@11.25.

Sheep: Receipts, 1,000; market steady; lambs, 84 pounds down, $18@20.75; culls and common, $14.75@17.75; ewes, medium, good and choice, $11@15; culls and common, $6@10.75.

Toledo Seed Closing.

Toledo, April 7.—Clover seed prime cash 34.00; April 32.85; Oct. 33.75; Dec. 22.75.

Alsike prime cash and April 24.00.

Timothy prime cash (1917 and 1918) 5.70; (1919 5.77 1-2. April and May 5.77 1-2; Sept. 6.00; Oct. 5.95; Dec. 5.85.

Toledo Grain, Closing.

Toledo, April 7.—Corn: Cash $1.71½.
Oats Cash $1.07
Barley $1.61
Rye: Number 2 $1.88

Ohio Cities Gas.

Columbus, April 7.—Cities Service common 320@325; do preferred 68½@70; Ohio Gas 42, last sale

BROUGHT MEMORIES OF HOME

How Visitor to London Zoological Gardens Held Converse With Lonely Tibetan Yak.

The shaggy old Tibetan yak at the "zoo" died some while ago and a new yak occupied his shed and inclosure.

Yesterday a visitor stood watching the yak munching at a truss of hay in his manger. He called the yak and it took no notice. Then, having read Hooker's "Himalayan Journals," he remembered the calls of the Tibetan maidens when they bring the yaks home at sunset.

The visitor uttered the call. The yak dropped a mouthful of hay, gave a deep grunt, and came shambling to the bars of its stable. The visitor patted and fondled it, and grunted yak language and it licked his hand, and when he left the yak house it ran out of its shed and followed him around its large barred inclosure.

He returned later and found the yak still restless. It had deserted its meal; it paced the inclosure and made plaintive noises. The visitor gave the Tibetan girl's call again, and again the yak ran to him. "Good heavens!" cried a stranger, "how do you tame 'zoo' animals like that?" He was told the secret.

"Poor old yak, poor old fellow," said the stranger. "How can we guess what chords you have touched—what memories of snow and ice, and praying wheels and idols, of Tibetan girls with turquoise ornaments in their braided hair? Look how troubled the old yak is—it isn't fair to give home-sickness to prisoners at the zoo!"—London Daily Mail.

EXPLAINS ACTION OF NODDING

Indication of "Yes" and "No" a Trait Common in Humans and the Lower Animals.

Before a child learns to say "yes" or "no," he instinctively nods his head—a haughty, condescending up-and-down—to show that he approves, or a vigorous shaking from side to side when the imperious will has been crossed. Later on, as he seems to show a preference for this way of expressing himself, it is often necessary to remind him that he can speak.

Many of us may sympathize with the man who said to Darwin, "Your ancestors may have been apes," but it cannot be denied that we have many things in common with the other species.

Watch a young animal ready to receive food. With eager eyes and mouth open it makes quick, forward movements of the head. When the food is not acceptable a tightly clenched jaw and sideward motion of the head serve to keep the mother animal from forcing food upon it.

So after all these centuries man's mouth is still relaxed when he nods "yes," but there is a strong tendency to clench his teeth and even close his eyes when he shakes "no."—Exchange.

Blacksliding Organ.

An appeal now being made on behalf of a poor country church for a new organ has been re-enforced by a coincidence—the old organ happened to cipher, or produce of its own accord, a long-drawn, wailing sound just as the words were being read from Job. "They rejoice at the sound of the organ." This has been interpreted as a good omen, and it reminds a correspondent of what happened in the Sussex village of Jevington. A new organ was bought of the kind which could be played by turning a handle. The church was crowded to hear its opening recital. All went well till the end of the first psalm; the singing then ceased, but the organ went on playing. It seemed that the man in charge had failed to discover how to put on the brake. From the psalm tune the organ went on to give a lively secular catch called "Drops of Brandy," and then started on a merry air entitled "Go to the Devil and Shake Yourself."—London Morning Post.

How "Wallop" Originated.

An incident of interest in English and French history occurred in the year 1514. The French fleet ravaged the coast of Sussex and burned Brighthelstone, now Brighton, whereupon Sir John Wallow, one of the best naval commanders of his time, was sent by Henry VIII to make reprisals. In this he succeeded only too well; he burned 21 French villages, demolished several harbors, and thrashed the enemy to his heart's content. His men, however, proud of his achievement, declared that they had walloped the French. Thus there came into the English language as a synonym for thrash the new word wallop.

After Many Trials.

"He took my hall," said a youngster when reproved for fighting with another boy.

"Did you try to get it from him peaceably?"

"Yes'm."

"How many times did you try?"

"I tried once, twice, thrice and force, and I didn't get it until the last time."—Boston Transcript.

Hoary Jest.

"After the lapse of centuries Shakespeare's humor is still fancy.

"Well?"

"That's the real test of real humor, is it not?"

"I don't know about that. People still laugh at the mother-in-law joke at the vaudeville shows and it dates back to the stone age."—Birmingham Age-Herald.

You never can tell. The girl who steals her heart may defy anyone else to steal it.

Sealed bids will be received by the Director of Public Service, of the City of Newark, Ohio, until 12:00 o'clock noon, April 22nd, 1920, for furnishing the necessary coal for operating the combined Water Works and Light Plant for one year (approximately 4,000 tons). Each bid must contain the full name of every person or company interested in the same, and be accompanied by a certified check in the sum of $100.00 on some solvent bank, as a guaranty that if the bid is accepted a contract will be entered into and its performance properly secured. Should any bid be rejected such check will be forthwith returned to bidder, and should any bid be accepted such check will be returned upon the proper execution and securing of the contract.

The right is reserved to reject any and all bids.

By order of the Director of Public Service. 4-7-wed-2t

DAMAGE CASE AGAINST O. E. SETTLED WEDNESDAY

The case of the Universal Auto company vs. the Ohio Electric Railway company, a suit for damages growing out of a collision between Ford cars and an interurban car at Kirkersville in March, 1918, was settled this afternoon by agreement of parties. The case was being tried in common pleas court and testimony was heard for the last two days. The amount agreed upon was said to have been $1,500.

ALL NOW IN THE LEAGUE.

Washington April 7.—All of South and Central America now is bound by the covenant of the league of nations. Adhesion to the league of six more neutral states, including Venezuela, the last Latin-American country to file its notification, was reported today

Some people take naturally to church music; with others it is an acquired taste.

Two hearts don't always beat as one but five hearts are apt to win a jackpot.

The ice man is already begining to figure his profits in cold cash.

SPIRITUALISM

Francis C. Weldmere, the noted Spirit Medium of Ohio, has leased the Lottie W. Cottage, Myer avenue, corner Wood avenue, Buckeye Lake, Ohio, for the season. He will be pleased to read for his old and new friends daily and Sunday. He is not a fortune teller, but a born Medium. His work is his religion. Through the Spirit World and Co-Workers he has helped thousands and pointed the way to health, happiness and success. You have the elements of success within you. You may stand or fall, according to your own efforts to develop your knowledge: knowledge is power. There is no life so bad or home so dreary that God and the Spirit World through my organism can not bring happiness and sunshine into it. Cut this out for future reference. 4-3-6tx

Halladay Policies

Every successful institution has reached that point of success by means of a well-defined policy.

The Halladay Brothers began twelve years ago to make an automobile that would stand the tests of the most exacting critics. Only the best materials were used.

This policy is being continued by Mr. T. E. Huth, president of the Halladay Motors Corporation company.

Policy Toward Employes

The continuation of a policy of fair treatment to the employes is not only the sensible thing to do but is also a matter of good business. Saitsfied employes turn out a better grade of work. In the new plant which is being erected in East Newark, all modern conveniences are to be installed, lightening the work of the employes.

Stock Policy

Halladay sells no preferred stock. Only the common is being sold. Thus the investor makes as much off his investment in proportion to the amount invested. This provides a maximum of opportunity and the minimum of risk.

The Halladay Motors Corporation Company,

710 Newark Trust Building

Gentlemen:
You may have representative explain the possibilities of your common stock.

BOTTLE WORKERS WIN TIGHT ONE

But Forfeiture of Game By Burkes Puts Heiseys Into First Place In League Standing.

League Standing.

	W.	L.	Pct.
Heisey	17	3	.850
B. & O.	14	6	.842
American Bottle	14	6	.700
Wehrle	9	10	.474
Printers	9	11	.450
Y Seniors	5	14	.263
Midland	5	14	.263
Burke Golf	3	18	.143

Thursday: B. & O. vs. Y. Seniors; Midland vs. Wehrle.

Word from the Burke Golf team announced the team had dropped from the league and thereby forfeited the remainder of the games as well as the postponed game with the Midland squad. By forfeiting last night to the glass team, Heiseys slip into first place in the league standing.

The only game played last night was the Printer-Bottle team contest. Both sides played hard during the first half with general all round playing being about equal on both sides. The half ended at 10 to 10. The second period rushed in to find both teams out to do their best. Both teams bolstered up their defensive and many fast pieces of team work were broken up before the ball could be tossed toward the ring. This half was marked with many spills. The Bottle boys got the better team play going and found the basket for more counts and easily led in the scoring. Final score: American Bottle 22, Printers 15.

American Bottle	B.	F.	P.
Cada, r f.	3	0	6
Kuster l.f.	3	2	9
Huffman c.	3	0	6
Ellbers r.g.	0	0	0
Emmons l.g.	1	0	2
Totals	10	2	22
Printers	B.	F.	P.
Spencer r.f	2	5	9
Jenkins l.f.	0	0	0
Roeser c.	1	0	2
Miller r.g.	1	0	2
S. Miller l.g.	0	0	0
Parkinson l.f.	1	0	2
Totals	5	5	15

Thursdays game in the industrial basket ball league will mean much to the B. & O. team. Now a half game behind the Heisey squad their next game against the Y Seniors will decide whether their hat is still in the ring. Should the railroaders win it will tie the standing again for first place. Should the B. & O. lose it will set them back a whole game with only a hope of a chance toward the pennant.

A glance at the remaining schedule shows the Heisey bunch are to meet the American Bottle boys for the final scheduled game for each team. While the Bottle team has been defeated both times before by the glass blowers, they were nosed out by very small scores. The way these north end players have been playing during the last four weeks shows they are not the easy marks of the early season. Heisey will be made to travel fast to beat out this bunch, and as it is admittedly a harder game than the stove makers will be for the B. & O. team, fans will note that the matter of league championship is far from being settled yet.

COUNTY UNION MEETING HELD AT NEWARK, FRIDAY

The county union meeting of the Churches of Christ in Licking county will be held at the West Side Church of Christ, Newark, Friday.

It has been necessary to make some changes in the program since it was sent to the churches last week and the following program will be given:

Morning Session.

10:30—Devotional led by D. G. Bricker, Utica.

10:15—"What the International S. S. Association Means to Us," Nellie J. Wygant.

10:45—"Bible School Teachers: What They Ought to Be," W. R. Moffett, Utica.

11:30—Lunch.

Afternoon Session.

1:00—Business session.

1:30—"What Our Bible Schools Are and What They Ought to Be," H. H. Carter, Hebron.

2:00—"Improvements Every School Can Make," E. W. Thornton, Newark.

Evening Session.

7:00—"Bible School Evangelism," J. J. Tisdall, Columbus.

GRATIOT SCHOOL.

For the month ending March 26, the following pupils of the Gratiot school were perfect in attendance: Ralph Norman, Harry Kreager, Denzil Lawyer, Harold Kissick, Carroll Martin, Norval Harkness.

BOY KILLED BY CARS.

Shawnee, April 7.—John Scanlon, aged 16, son of Mr. and Mrs. Dennis Scanlon, was crushed between raolroad cars and instantly killed yesterday morning while riding to work on a yard train.

ORDINANCE NO. 3097.

By MR. FAUST.

Amending Section 15 of Ordinance No. 1979, an Ordinance "To Regulate the Use of Cars, Wagons, Hackney Coaches, Omnibuses, Automobiles, Motorcycles, Tricycles, Bicycles, and Every Description of Vehicle, in the City of Newark, Ohio.

Be it ordained by the Council of the City of Newark, State of Ohio.

Section 1. That Section 15 of Ordinance No. 1979., passed June 21st, 1909, be and hereby is amended so as to read:

The driver of every vehicle shall come to a full stop where a street or interurban car has stopped to take on or discharge passengers, and wait until such Street or Interurban Car has moved on, before the said driver may proceed.

Section 2. That Section 15 of Ordinance 1979 be and the same is hereby repealed.

Section 3. This Ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed April 5th, 1920.

H. H. SCOTT,
President of Council.

Attest: GEO. H. HAMILTON,
Clerk of Council.

Approved by the Mayor this 6th day of April, 1920

H. A. ATHERTON, Mayor.
4-7 Wed2t

NOTICE OF PAROLE.

Notice is hereby given that James Ayers, a prisoner noy confined in the Ohio State Reformatory, Mansfield, Ohio, is entitled, under the law and rules governing paroles from said institution, to recommendation to the Board of Clemency, by Superintendent and Chaplain as worthy of consideration for parole. Said application will be for hearing on and after April 1st, 1920

O. F. GARVER,
3-31 wed 3t Chief Clerk.

ORDINANCE NO. 3104.

By MR. RIGGS

Determining to proceed with the improvement of Central Avenue from Ash street to Moull street by constructing a sewer therein.

Be it ordained by the Council of the City of Newark, State of Ohio—three-fourths of all the members elected thereto concurring:

Section 1. That it is hereby determined to proceed with the improvement of Central Avenue from Ash street to Moull street by constructing a sewer therein in accordance with Resolution passed on the 18th day of August 1919 in accordance with the plans, specifications, estimates and profiles hereto approved and now on file in the office of the Director of Public Service.

Section 2. That all claims for damages resulting therefrom shall be judicially inquired into after the conclusion of the proposed improvement.

Section 3. That the whole cost of said improvement, less one-fiftieth thereof, and the cost of intersections, shall be assessed by the foot frontage upon the following described lots and lands, to-wit: All lots and lands bounding and abutting upon the proposed improvement,, which said lots and lands are hereby determined to be specially benefitted by such improvement, and the cost of said improvement shall include the cost of printing and publishing the notices, resolutions and ordinances required, and the serving of said notices, the costs of construction, together with the interest on bonds issued in anticipation of the collection of deferred payments, and all other necessary expenses, and that the assessments so to be levied shall be paid in Ten (10) semi-annual installments with interest on the deferred payments at a rate not to exceed 6 per cent per annum, provided that the owner of any property assessed may at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance, to the City Treasurer, in which case the said cash assessment shall not include any item of interest upon bonds to be issued in anticipation of deferred installments, of such assessments, and that the bonds of the City of Newark, Ohio, shall be issued in anticipation of the collection of the assessment by installments and in an amount equal thereto, and that the remainder of the entire cost of said improvement not specially assessed, including the cost of intersections and the damage awarded to any owner of adjoining property and interests therein, and the cost and expense of such award, shall be paid by the issuance of bonds in the manner provided by law.

Section 4. That the following lots and lands shall be assessed for said improvement as above determined: All lots and lands bounding and abutting upon the proposed improvement on Central Avenue between Ash street and Moull street.

Section 5. That the Director of Public Service be and is hereby authorized and directed to make and execute a contract for said improvement with the lowest and best bidder after advertisement according to law.

Section 6. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed April 5th, 1920.

H. H. SCOTT,
President of Council.

Attest: GEO. H. HAMILTON,
Clerk of Council.

Approved by the Mayor this 6th day of April, 1920.

H. A. ATHERTON,
4-7-Wed-2t Mayor.

ORDINANCE NO 3106.

By MESSRS. KEYS, KNAUBER AND FAUST.

Amending Sections 5, 6 7 of Ordinance No. 3015, an Ordinance "Determining the Number of Officers, Clerks and Employes in the Public Service Department of the City of Newark, Ohio, and Fixing the Salaries and Compensation thereof.

Be it ordained by the Council of the City of Newark, State of Ohio.

Section 1. That Section 5 of Ordinance No. 3015 be and is hereby amended so as to read:

One Chief Sewer and Paving Repairman who shall receive the sum of fifty cents (.50) per hour, payable weekly.

Section 2. That Section 6 of Ordinance No. 3015 be and is hereby amended so as to read:

One Assistant Sewer and Paving Repairman, who shall receive the sum of forty-seven and one-half, cents (.47 1-2) per hour, payable weekly.

Section 3. Common Labor shall receive the sum of forty-five cents (.45) per hour, payable weekly.

Drivers shall receive the sum of forty-six cents (.46) per hour, payable weekly.

Section 4. That Sections 5, 6 and 7 of Ordinance 3015 be and the same are hereby repealed.

Section 5. This Ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed April 5th, 1920.

H. H. SCOTT,
President of Council.

Attest: GEO. H. HAMILTON,
Clerk of Council.

Approved by the Mayor this 6th day of April, 1920.

H. A. ATHERTON, Mayor.
4-7-Wed2t

Dated this 30th day of March, 1920.

ROBBINS HUUNTER,
3-31-4wes-3t Probate Judge.

ORDINANCE NO. 3108.

By MR. WOLVERTON.

Determining to proceed with the improvement of Front street from Church street to Indiana street by constructing a sewer therein.

Be it ordained by the Council of the City of Newark, State of Ohio—three-fourths of all the members elected thereto concurring:

Section 1. That it is hereby determined to proceed with the improvement of Front street from Church street to Indiana street by constructing a sewer therein in accordance with Resolution passed on the 19th day of January 1920 in accordance with the plans, specifications, estimates and profiles hereto approved and now on file in the office of the Director of Public Service.

Section 2. That all claims for damages resulting therefrom shall be judicially inquired into after the conclusion of the proposed improvement.

Section 3. That the whole cost of said improvement, less one-fiftieth thereof, and the cost of intersections, shall be assessed by the foot frontage upon the following described lots and lands, to-wit: All lots and lands bounding and abutting upon the proposed improvement,, which said lots and lands are hereby determined to be specially benefitted by such improvement, and the cost of said improvement shall include the cost of printing and publishing the notices, resolutions and ordinances required, and the serving of said notices, the costs of construction, together with the interest on bonds issued in anticipation of the collection of deferred payments, and all other necessary expenses, and that the assessments so to be levied shall be paid in Ten (10) semi-annual installments with interest on the deferred payments at a rate not to exceed 6 per cent per annum, provided that the owner of any property assessed may at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance, to the City Treasurer, in which case the said cash assessment shall not include any item of interest upon bonds to be issued in anticipation of deferred installments, of such assessments, and that the bonds of the City of Newark, Ohio, shall be issued in anticipation of the collection of the assessment by installments and in an amount equal thereto, and that the remainder of the entire cost of said improvement not specially assessed, including the cost of intersections and the damage awarded to any owner of adjoining property and interests therein, and the cost and expense of such award, shall be paid by the issuance of bonds in the manner provided by law.

Section 4. That the following lots and lands shall be assessed for said improvement as above determined: All lots and lands bounding and abutting upon the proposed improvement on Front street between Church street and Indiana street.

Section 5. That the Director of Public Service be and is hereby authorized and directed to make and execute a contract for said improvement with the lowest and best bidder after advertisement according to law.

Section 6. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed April 5th, 1920.

RESOLUTION NO. 949.

By MR. REDMAN.

Declaring it Necessary to Improve Anderson Court from East Main Street to South End of Said Court by Constructing a sewer therein.

Be it resolved by the Council of the City of Newark, State of Ohio, three-fourths of all the members elected thereto concurring.

Section 1. That it is necessary to improve Anderson Court from East Main street to the south end of said Court by constructing a sewer therein according to the plans, specification, estimates and profiles of the proposed improvement prepared by the Civil Engineer now on file in the office of the Director of Public Service, which are hereby approved and which shall be open to the inspection of all people interested therein.

Section 2. That the material to be used in the construction of said sewer shall be vitrified clay or shale sewer pipe, and brick catch-basins and manholes with cast-iron covers.

Section 3. The grade of said sewer shall be as shown on the plans and profiles now on file in the office of the Director of Public Service.

Section 4. That the whole cost of said improvement, less one-fifieth thereof and the cost of intersections shall be assessed in proportion to the benefits which may result from the improvement upon the following described lots and lands, towit: All lots and lands bounding and abutting upon the proposed improvement, which said lots and lands are hereby determined to be specially benefitted by said improvement, and the cost of said improvement shall include the expense of printing and publishing notices, resolutions, and ordinances required and the serving of said notices, the cost of construction together with the interest on bonds issued in anticipation of the collection of deferred assessments and all other necessary expenses.

Section 5. That the assessments to be levied shall be paid in ten (10) semi-annual installments with the interest on the deferred payments at a rate not to exceed six (6) percent per annum, provided that the owner of any property assessed may at his option pay such assessment in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer; in which case said cash assessments shall not include any item of interest upon bonds to be issued in anticipation of the deferred assessments and all other necessary expenses.

Section 6. That the bonds of the City of Newark, Ohio, shalF be issued in anticipation of the collection of assessments by installments and in the amount equal thereto.

Section 7. That the remainder of the entire cost of said improvement not specially assessed, including the cost of intersection, and the damage awarded any owner of adjoining lands and interest therein and the cost and expense of any such award, shall be paid by the issuance of bonds in the manner provided by law.

Section 8. This resolution shall take effect and be in force from and after the earliest period allowed by law.

Adopted April 5th, 1920.

RESOLUTION NO. 966.

By MR. WOLVERTON.

Declaring it Necessary to Improve South Second Street Between Spencer Street and Beacon Road by Curbing and Paving the Roadway thereof.

Be it resolved by the Council of the City of Newark, State of Ohio, three fourths of all the members elected thereto concurring.

Section 1. That it is necessary to improve South Second street between Spencer street and Beacon road by curbing and paving the roadway thereof in accordance with the plans, specifications, estimates and profiles of the proposed improvement prepared by the Civil Engineer, now on file in the office of the Director of Public Service, which are hereby approved which shall be open to the inspection of all persons interested.

Section 2. The material used in the construction of said improvement shall be asphalt, brick, stone, cement or other material as shall hereafter be determined.

Section 3. That the grade of said street shall be as follows:

The grade of the curbs and the center line shall be as described herein: Commencing at the south line of Spencer street at an elevation of 81.4 feet above the established datum of the City of Newark, thence south by a straight grade to the north curb line of Harrison street at an elevation of 80 54 feet, thence south by a straight grade to the north line of Fleek avenue at an elevation of 79.85 feet, thence south by a level grade to the south curb line of Fleek avenue, thence south by a straight grade to the north curb, of Holiday street at an elevation of 78.5 feet, thence south by a straight grade to the north curb of National Drive at an elevation of 77.33 feet, thence by a level grade to the south curb line of National Drive, thence by a straight grade to the south line of the first alley south of National Drive at an elevation of 77.8 feet, thence south by a straight grade 140 feet to a point at an elevation of 78.8 feet, thence south by a straight grade 100 feet to a point at an elevation of 80. feet, and which is located 1400 feet south from the south line of Spencer street and is marked 14 on the plans for improving South Second street and which point is the point of beginning of a vertical reverse curve, thence south by a said vertical reverse curve located as described as follows: at station 14 -|- 88 which is the north end of the west sidewalk on bridge, elevation 83.15, at station 15 -|- 60, elevation 84.7 feet which is the elevation of sidewalk over the north pier of bridge, at station 16 -|- 39, elevation 84.48, which is the elevation of sidewalk over the south pier of bridge at station 17 -|- 12 which is the south end of sidewalk on bridge, elevation 82.65 at station 17 -|- 80, elevation 79.5, at station 18 -|- 95 elevation 78.33, at station 20 elevation 79.78, at station 20 -|- 80 elevation 81.15 which is the present elevation of catch-basin cover at this point, at station 21 -|- 50 elevation 82.76, at station 22 elevation 84.57, at station 22 -|- 50 elevation 87 and at station 23 -|- 14 elevation 91.52 which is the elevation of catch-basin cover on the east side of street and is the end of the said vertical reverse curve, thence south by a straight grade to the north line of Summit street at an elevation of 105.32 feet, thence south by a straight grade 50 feet to the south line of Summit street at an elevation of 109.72 feet which is the present elevation of the catch-basin cover on the west side of the street, thence south by a straight grade to station 27 at an elevation of 124 22 feet, thence south by a straight grade to station 27 -|- 54 at an elevation of 127.7 which is the elevation of the catch-basin cover on the west side of the street, thence south by a straight grade to station 28 at an elevation of 130.17, thence south by a straight grade to the south line of Leonard avenue at an elevation of 135 89, thence south by a straight grade to the south curb line of Edgemont Road at an elevation of 147.31 feet which is the present elevation of the curbing at this point, thence south by a straight grade to the south line of Beacon Road at an elevation of 161 feet, as shown on the plans and profiles now on file in the office of the Director of Public Service.

Section 4. That the whole cost of said improvement, less one-fiftieth thereof and the cost of intersections shall be assessed by the foot frontage upon the following described lots and lands, to-wit: All lots and lands bounding and abutting upon the proposed improvement which said lots and lands are hereby determined to be specially benefitted by said improvement and the cost of said improvement shall include the expense of printing and publishing notices, resolutions and ordinances required, and the serving of said notices, the cost of construction, together with the interest on bonds issued in anticipation of the collection of deferred assessments and all other necessary expense

Section 5 That the assessments so to be levied shall be paid in twenty (20) semi annual installments with the interest on the deferred payments at a rate not to exceed six (6) per cent per annum provided that the owner of any property assessed may at his option pay such assessments in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer, in which case said cash assessments shall not include any item of interest upon bonds to be issued in anticipation of the deferred installments of assessments.

Section 6 That the bonds of the City of Newark, Ohio, shall be issued in anticipation of the collection of assessments by installments and in the amount equal thereto.

Section 7. That the remainder of the entire cost of said improvement not specially assessed, including cost of intersections and the damages awarded any owner of adjoining lands and interests therein and the cost and expense of any award shall be paid by the issuance of bonds in the manner provided by law.

Section 8. This resolution shall take effect and be in force from and after its passage and legal publication.

Adopted April 5th, 1920.

H. H. SCOTT,
President of Council.

Attest: GEO. H. HAMILTON,
Clerk of Council.

GRANVILLE HIGH SCHOOL ADOPTS UNIQUE SELF GOVERNMENT PLAN

Students Have Mayor, Sheriff and Magistrates to Maintain School Discipline—Jury Acts On Charges Filed By School Sheriff.

"I saw her whispering yesterday afternoon," the diminutive mayor declared emphatically, sitting in "teachers," big chair, and eyeing the culprit sternly.

"Oh yes, I saw her carrying on quite a conversation," volunteered the sheriff in a reproachful treble. And the scandal of it is that the accused was judge of the court and because of her high crimes and misdemeanors, was being tried by the mayor himself.

A small court it was, consisting of three members of the jury who crowded round the desk in earnest consultation, a restless sheriff, a sanitary officer, and a serious looking mayor who whacked the desk with a ruler as the courtroom became too demonstrative. And it often did. Why should it not when any one of its members was at any instant likely to be summoned abruptly to the dock to have the accumulated sins of the past week brought to light?

Unique procedure, you say, for a courtroom, but unqueeness is the outstanding feature of the eighth grade civics class court which has been recently established in the Granville high school. And if you talk to the originator of the scheme, Miss H. L. Courtright, she will explain to you with simplicity that the plan is based on the spirit of competition and the potential sense of responsibility in children. And one has but to see the court in session to believe the soundness of the theory.

The embryonic citizens, each representing a state in the Union, some weeks ago drew up a constitution by which their civics class was to be regulated. The document being duly ratified, a judicial body for the trial of civil offenses was formed, and Friday morning was set as the time for weekly trials of those guilty of the classic sins of whispering, gum-chewing and note-writing. And, as in man-sized law, there are degrees of crime. Thus, the first offense in note-writing requires an apology to the class; the second brings the culprit before the bar for trial; the third misdemeanor must be expiated for by a journey to the principal's office. Penalties are also levied by the judge at his or her discretion, and may vary from the writing of an ignominious confession 50 times, to staying indoors for several recess periods.

Election of officers occur regularly every month so that everybody gets a whack at disciplining. The chief officers of the present regime are: Mayor, Paul Swanson; sheriff, Charles Megaw; sanitary officer, Elizabeth Bishop; judge, Eleanor Curtis; prosecuting attorney, Andre Odebrecht.

The action of the court is prompt and decisive, although often interrupted by outbursts of public opinion from the court at large. Trespassers against the social order are summoned with dispatch and cross-examined with vigor and spirit. And if the accused do not have the benefit of counsel, there are often voluntary witnesses in the court who have a word of defense to put in when evidence begins to pile up.

The judge, who is now up on a charge of whispering, objects on a point of constitutionality.

"I wasn't warned of my offenses."

There is an outcry of protest from the weighty-looking jury as they chew their pencils, and from the squirming courtroom.

"Well, I plead guilty, then," says the judge indifferently.

Sharp then comes the verdict "You are to stay 20 minutes after school this afternoon."

The case is dismissed, the mayor leaves the chair, and the judge tranquilly leaves the criminal's dock to supercede him. Her political reputation does not seem to have suffered by reason of exposure of behavior unbecoming to an official. Human frailty is quite taken for granted even in high dignitaries in this juvenile republic.

Another desperate case of whispering is to be handled. "Bring 'er up!" cries the sheriff, and beckons imperatively with a hooked forefinger. The victim saunters up. But just here a dispute arises between the judge and the jury; no one can be found who will give incriminating evidence.

"Then she has not been proved guilty. She will have to be acquitted," decides the judge.

The sensational feature of the morning, however, occurs when Karl is brought up on the charge of eating candy and cough drops in school hours. Public opinion is outraged at the flagrancy, and the courtroom squirms harder than ever. There are giggles here and there and indignant murmurs. "Yuh can't chew gum without getting permission. Aw, you can't chew it anyway. Says so in the constitution." The judiciary look worried, frown prodigiously, and the ruler punctuates the confusion, while Miss Courtright from the rear of the room speaks a damning word. A heavy sentence drops from the lips of madam judge, and the accused goes to his seat. Other cases come in which the defendant attempts to establish an alibi, or disputes the case on a point of constitutionality, and the youngsters go at each other with legal hammer and tongs until the point in question is settled.

Where is the traditional birchen pedagogy? It is as much out of vogue as flintlocks and Cotton Mather's book of miracles. In fact the citizens have taken out of their teachers' hands most of the necessity for chastisement, and her class is a model of self-regulated orderliness.

This system of student government, though in operation only a short time, has been a distince success, according to Mr. Conklin, the principal. The girls, as officials, he states, are very zealous, and particularly the sanitary officer, who enforces schoolroom cleanliness with ardor. The exact plan as worked out in the Granville school, as far as can be determined, has never been tried out in any other place.

SUM ASKED IS NOT LARGE DIRECTOR SAYS

"While the sum sought by the Baptists of Ohio in the New World movemen may seem large in the aggregate it is large only when measured in terms of our past giving and not when computed on the basis of our real wealth," says W. C. Ebaugh, chairman of the Licking county committee of that movement.

"According to figures which I have just received from the State headquarters of Columbus, there are more than 78,000 actually enrolled Baptists in the state of Ohio. Of the $7,000,000 apportioned to the state, only $5,500,000 are to be contributed directly through the churches. On this basis each individual share is $70.50 whichis distributed over a period of five years, making the actual contribution of $14.10 a year or only 27 cents per week. This is equivalent to a quarter and two pennies dropped into the collection plate each Sunday.

"The estimated wealth of Ohio in real and personal property is in excess of $8,000,000,000. Assuming that the Baptists have average prosperity, two per cent of this wealth belongs to the Baptist denomination, and 4.37 per cent of Baptist wealth would meet our obligation. But tangible property comprises a relatively small proportion of the wealth of a community, wealth being represented by earning power.

"On the basis of estimates of earning capacity made by the controller of currency the national income is between 70 and 80 billions of dollars per year. In the nation the Baptists proportion of this is only one billion dollars, and the tithe of this would give us the national five year objective in a single year.

"In the present campaign Baptists are expected to give more than they have ever given before but no sum that is in any considerable proportion either of their actual wealth of their earning ability."

COUNCIL ORDERS ALL HOUSES NUMBERED

Granville Council met Tuesday evening in regular session with the mayor, C. D. Coons, in the chair and all the members present excepting one. Routine business was dispatched and there was discussion of the electric light proposition. An ordinance was passed for numbering the houses and an annual tax budget was passed. A map showing the location of poles for electric light and heat is on file in the office of the clerk, Roe Morrow.

GRANVILLE HAS APRIL SNOW; SLUSH FREEZES

Snow fell in Granville Tuesday to the depth of several inches, melting as it fell. During the night this froze into a solid crust and again the residents are walking on slippery places. The bright sun has in turn turned the ice into rivulets on the streets and pavements.

ACORD-OWEN WEDDING TAKES PLACE TUESDAY

The Presbyterian parsonage in South Pearl street was the scene of a quiet but impressive wedding Tuesday evening at 6 o'clock, when Rev. Emanuel Breeze was called upon to unite in holy bonds, Miss Grace Owen and Mr. William Acord. Miss Owen, who was attended by her parents, Mr. and Mrs. Frank Owen, and Mr. and Mrs. Ed Jones of North street, was becomingly gowned in a blue traveling suit with a close fitting hat to match and wore an exquisite corsage bouquet. The impressive ring service was used, and after congratulations and good wishes had been extended, the young couple left on a wedding trip. The groom is in business in Frazeysburg where they expect to live.

LEGION HEARS TALK ON TURK AS OUTLAW

At the monthly meeting of Service Star legion, peace chapter, held at the Community rooms Monday night, Rev. Emmanuel Breeze gave a most interesting address on Turkey. He made it very clear that Turkey was an outlaw and was not entitled to any consideration in view of her barbarous conduct in Armenia. Mr. Breeze showed that for good reasons none of the great powers in Europe can assume control of Constantinople and that it is the duty of the United States to accept this responsibility in order to save Armenia from extermination.

The chapter will celebrate Arbor Day with the planting of a tree in honor of the men who represented us in the great war. Refreshments were served and a pleasant social evening enjoyed. All women relatives of men who served in the recent war are eligible to membership.

CLUB HEARS PAPER ON THE NEW POLAND

Mrs. E. E. Wright was hostess for the Fortnightly club on Tuesday evening which presented the following program: "Poland the New Buffer State," by Mrs. A. K. Follett; Three Spring Songs, by little Mary Virginia Wright, daughter of the hostess; "Women as Writers," Mrs. W. H. Parish; "Current Events," Mrs. W. A. Chamberlin. An informal talk on the Inter-church World movement by Miss Charlotte Clark. Following the program several Paderewski selections were played on the pianola.

GRANVILLE BOY CITED FOR BRAVERY IN ACTION

William Philip Howe, son of Mr. and Mrs. Harrington Howe, has received a certificate and citation for "gallant and distinguished bravery at the battle of Blanc Mont, France, on October 3, 1918, with the 12th field artillery. This regiment is part of the Second division. It engaged the enemy on seven fields of battle with a total of 161 days, and had the honor of turning the first German gun in the history of the A. E. F., back toward Berlin.

HERE AND THERE IN THE VILLAGE

Mrs. Cora Rose has received the announcement of the birth of a daughter Esther Lucille, to Mr. and Mrs. George Nichol of Akron, on March 28th. Mrs. Nichol was formerly Miss Edris Rose.

The Granville Grange will meet on Friday evening of this week in Odd Fellows Hall and 28 candidates will receive the third and fourth degrees.

The Three M's and L. Sewing circle will meet on Thursday afternoon of this week at 2 o'clock at the home of Mrs. George Richardson in the Lancaster road.

Mr. and Mrs. E. J. Dorsey left yesterday for Magnetic Springs, Union county for a two week's rest and treatment.

Mr. and Mrs. Joseph Shipley spent Sunday in Johnstown as the guests of their sister, Mrs. Pickering.

Dr. R. P. McCutcheon of the English department in Denison University, read a paper before the language department of the Ohio association at the convention in Columbus, Friday entitled "Book Reviewing in Early English Magazines."

Miss Gertrude Carpenter returned Monday from a visit with relatives in New Salem.

Rev. Emanuel Breeze accompanied Superintendent A. B. Conklin to Outville Tuesday evening where he delivered an address before the high school of that place.

Mr. and Mrs. S. E. Morrow who have spent the winter in Florida, are expected to return about the 15th of this month.

Robert O. Bell of Jamaica, Long Island, plans to make a week end visit in Granville as the guest of his wife's parents, Mr. and Mrs. Burton Case. Mrs. Bell has been at her father's bedside for two weeks, as have Mr. and Mrs. R. S. Edwards of Des Moines, Iowa. Mr. Case is improving and Tuesday sat up for a short time.

Miss Clara Olney, a student in Shepardson college and member of Kappa Phi sorority, will spend the remainder of the year in Chicago at the home of her cousin, Mrs. Edgar Goodspeed.

Jay Brown of Toledo will arrive on Friday at the home of Rev. and Mrs T. G. Field, for a week end visit with his wife and little daughter.

Miss Alice Wilkinson, Red Cross public health nurse for Granville, will go as Licking county delegate to the National public health convention to be held in Atlanta, Georgia.

Mr. and Mrs. Frank Ray had as guests for Sunday night supper, Miss Wilkinson, Miss Sarah Clark of Shepardson, theoir daughter Frances, Miss Grace Sheets of Rockford, Ill., her brother Rowland Sheets, C. H. Dickerman Mark Smith of Columbus, Joel and Thomas Peterson formerly of Denison University.

The Winter Picnic club meets this afternoon for dinner at the home of Misses Mayme and Martha Geach in North Mulberry street.

SMALL COLLEGE WILL BE HELPED

Large Proportion of Hundred Million Dollar Fund To Be Raised By Northern Baptists Goes For This Purpose.

A complete reversal of the tendencies in American college education may be brought about by the work of the Northern Baptist convention proposes to accomplish with a large portion of the $100,000,000 fund being raised in its New World movement, says a dispatch from Chicago received here. An intensive development of the small university, an effort to break away from the tradition of "big schools" will be the distinguishing factor in this work. The business of reviving the small college as a leading factor in higher education and thus freeing the greater institutions with their expensive technical equipment for research and advanced scientific activities is looked upon by leading educators as one of the most important steps which should be taken in keeping American education up to a satisfactory standard.

Dr. J. Y. Aitchison, general director of the New World movement outlined the above plan to a meeting of Baptist leaders. Leading educators contributing to the Baptist survey of the country's needs have decided that the following situation today obtains: "For years the drift has been toward the large institution, with its huge endowment and splendid equipment. The small struggling college has had a hard time of it competing with its larger brother. As a result thousands of students have been gathered in the greater schools and subjected very often to machine-like training with a minimum of individual attention. The need today is for small colleges which with adequate endowment will be able to give a training superior in many important respects to that offered by the larger university." Altogether $28,010,000 is to be devoted by the Northern Baptists to the work of improvement of the smaller colleges affiliated with the denomination. The Baptist educational work, headed by the University of Chicago, contains 58 colleges and academies with more than 500 buildings, valued at more than 6155,000,000.

FIVE NAMED ON SPEAKERS' TEAM

Granville Speakers to Assist Interchurch World Movement In County Mass Meetings.

Granville is represented by Rev. F. G. Boughton, W. A. Holmes, Prof. K. S. Latourette, Rev. C. E. Stanton, Rev. T. F. Chambers in the group of 125 speakers who are presenting the program on the Interchurch World movement at county mass meetings throughout the state this week. College towns in all parts of Ohio are contributing heavily to the membership of the 22 speaking teaems.

Eighty-five county interdenominational mass meetings will be held in Ohio Tuesday, Wednesday, Thursday and Friday. Speakers will tell of the Interchurch World surveys, of the programs mapped out by the 30 co-operating denominations for correction of conditions disclosed by the surveys and of the denominational plans for collection of spiritual, human and financial resources to carry out these programs.

The denominations engaged in the Interchurch World movement will conduct, from April 25 to May 2, a united campaign for funds, totaling $336,777,582, to be used in meeting the needs revealed by the surveys.

23 TOTS ENTERED IN KINDERGARTEN

The kindergarten, which opened in the community rooms Monday forenoon under the auspices of the Mothers' club, bids fair to be a phenomenal success, as already 23 little tots are enrolled. Two little maids from Newark will make the daily trip in the Granville Newark bus which lands them within half a block of the rooms, Betty Ann Long, daughter of Mr. and Mrs. A. B. Long, and Virginia, daughter of Mr. and Mrs. Howard Jenkins represent the Newark patronage.

Miss Eleanor Joy Carmen, who will conduct the class, has had exceptional advantages in a special course at the University of Chicago. If the enrollment passes the maximum, an assistant will be engaged for Miss Carmen. At present however, she is more than equal to the situation and the little ones will thrive under her management.

MAKE PLANS TODAY TO CONDUCT CAMPAIGN

Incident to the county conferences which the Interchurch World Movement is holding in Ohio this week, there will be a number of denominational meetings. One third of each program is given over to denominational gatherings. The Licking county meeting is being held today in Newark.

The Baptists of the community will take advantage of the session to make plans for their financial campaign. This section's quota of the $7,000,000 to be raised in Ohio is $139,502.

W. C. Ebaugh who is campaign director of this county will have charge of the meeting of the Baptists here and the State Committee is sending Rev. C. H. Sell to assist in formulating plans to raise the local quota.

Prof. M. E. Stickney, head of the department of botany, deilvered a lecture Tuesday evening before the Denisson Botanical society, held in the Botany library on "Plants that Feed on Insects" freely illustrated by lantern slides.

BAPTISTS TO AID CHINESE INDUSTRY

Religious Leaders Believe Efficient Missionary Work Can Not Be Done Without Industrial Growth.

The development of China's resources—its vast coal and oil deposits, its almost unlimited food producing capacities and its virginal industrial life—is expected to play a vital factor in reducing the increasing cost of the world's dinner and its wife's new spring suit, according to the Northern Baptists world survey.

Religious leaders in America, who have for years been working in the orient have arrived at the conclusion that Christianization without industrial progress is difficult. The result of this realization has been a gradually growing co-operation between the forces seeking to convert the Chinese and those seeking to develope the manufacture of the nation.

Announcement was made today by the Baptists' New World Movement that a committee for industrial research and development has been formed in Shanghi as a part of the nation-wide program for increasing native industry in China. The department of chemical research of the committee will be carried on in connection with the science department of the Shanghi Baptist college, of which Professor F. C. Mabee is chief. The chemical research will be directed primarily toward discovering China's untapped ore and coal deposits, estimating the wealth of the nation's untouched minerals.

According to educators allied with this work the intensified missionary activities in China will react directly upon the material progress of the nation. A gift of $65,000 received by the Shanghi Baptist college is to be used to complete the erection of a modern science building.

"China," said Dr. C. C. Chen, who is to be professor of sanitary chemistry and public sanitation on the Shanghi Baptist college staff, "must no longer be regarded as a nation capable of exporting only novelties. China contains under ground wealth to support the world. It is the mission of the world, for China's good and for its own good, to see that this wealth is tapped."

BOYS' FARM GUILD IS ORGANIZED HERE

In the hall of the Granville Grange last Saturday evening, the Boys Farm Guild organized over a year ago held a meeting and awarded prizes for the Boys Corn Show of Granville township, which showed a most satisfactory activity all along the line. The first prize went to Thomas McLaughlin; the second to Ralph Van Atta; the third to Arthur Farmer, other prizes for lesser amounts went to Kenneth Conrad, Merman Conard, Herbert Davis, Donald Jones, Harold Yost, Wayne Lantz. The prizes ranged from $12.50 and four tons of lime for the first, down to $1.00 and a certain quantity of lime.

The boys now are organizing a Pig club, in which there are 23 entries.

THE MONKEY FAD HITS NEW YORK

Rose Wilton and her new pet.

Even blase New York was startled the other day when it saw Miss Rose Wilton, the actress, parading down Fifth avenue with a pet monkey under her arm. Miss Wilton explained that she was introducing a new fad. The monkey was given her by A. E. F. veterans who had the little animal as a mascot.

E. C. EBAUGH DIRECTS CAMPAIGN IN COUNTY

E. C. Ebaugh has been appointed to take charge of the Northern Baptists' $100,000,000 New World movement for Licking county. His appointment was announced at Columbus by Millard Brelsford, campaign director for Ohio.

Mr. Ebaugh will have charge of the work of raising the county's share of the $7,000,000 quota fixed by the Northern Baptist Convention for Ohio. Under his direction teams will be appointed and the gift gathering organization for the county perfected to get underway the word "go" on the 25th of April.

The Northern Baptists, as the day for the phenomenal campaign approaches, are growing more and more confident that the $100,000,000 which they have fixed as a goal will be secured. The denomination has organized itself down to the smallest church and when the machinery for the ingathering is started the eight days allotted for the task will witness a systematized activity by the Northern Baptists in itself almost miraculous.

The huge sum to be raised will be used in broadening the scope of the Americanizing and spiritualizing activities of the denomination. Missions, home and foreign, hospitals, schools, churches, relief stations will be built throughout the nation and the Far East. Ministers salaries and the salaries and expenses of missionaries will likewise be increased.

MRS. MICHA PRIEST DIES TUESDAY P. M.

The death of Mrs. Micha Priest occurred Tuesday afternoon at 1 o'clock at her home in East Maple street, following a prolonged illness. She is survived by one daughter, Miss Belle Priest. Mrs. Priest, who came from Virginia, has been a resident of Granville for many years. Funeral services will be held from the home Thursday afternoon at 2 o'clock and burial will be in Maple Grove cemetery. Mrs. Micha Halley Priest, widow of William Priest, was born in Wellsburg, W. Va., May 3, 1840. She leaves one sister, Mrs. Flora Wilson of Alliance.

REV. JOSEPH BENNETT CONDUCTING MEETINGS

Rev. Joseph Bennett, formerly pastor of the First Baptist church in Newark, afterward pastor at the church in Chillicothe during the period of the war, will hold a series of evangelistic meetings in the Granville Baptist church, beginning this evening at 7:30 o'clock. There will be special music and a special message from this eloquent speaker for all who desire to attend Wednesday, Thursday and Friday evenings.

NEW STAFF ELECTED FOR DENISONIAN

Corwin Sutton, the newly elected editor of the Denisonian will have charge of the college paper for the remainder of the year. D. E. Owen is the retiring editor. The new staff is expected to maintain the standard, judging from the qualifications which led to its election to the various departments.

TO MAKE DENISON MODEL UNIVERSITY

Three and a Half Millions Allotted By New World Movement Will Enlarge Granville Institution.

"By the expenditure of $3,500,000 allotted to it by the New World movement campaign to be held by the Northern Baptist convention, Denison university here is to become the model college of America of its type," according to President C. W. Chamberlain. The announcement was made following a conference of the Ohio Baptist leaders interested in the drive which begins April 25 and continues to May 2.

The $3,500,000 has been allotted to Denison from the funds to be raised in a nation-wide drive. This sum will be used to complete a college plant containing every possible facility for training one thousand students, and the enrollment will be kept down to this number. The plans formulated from suggestions compiled during a four-year study by the leading educators of America, and call for a central group of buildings with complete laboratory equipment for instructions, dormitories, restaurants and club rooms for 500 men and the same number of women. A sum equal to the building fund will be allotted with which to secure the best instructors obtainable.

"The idea for which the New World movement will provide funds, is to see what generous resources and the best skill can do in educating a small, selected group of students," says Dr. Chamberlain. "This is the first time such an attempt has been made in America save in the most select private schools, and it should produce results of the most profound importance to our entire scheme of education in America.

"Denison has been selected for this experiment, not only because it is a leading Baptist institution but because of its century-old record as the mother of American college faculties. It has supplied 22 college presidents and 288 professors, and this record entitles it to the support which the Baptists plan to give it."

PRESBYTERIAN CHURCH TO HOLD COMMUNION

At the Presbyterian church Sunday the sacrament of the Lord's Supper will be celebrated. The pastor, Rev. Emanuel Breez, has invited students of Denison who are communicants of their church at home, to participate in the service.

STATUE TO CEMENT A TRANS-ATLANTIC FRIENDSHIP

FRANCE'S GIFT TO AMERICA WEE CONTRIBUTOR TO "AMERICA'S GIFT TO FRANCE"

This little Miss America toddled far to the United States Sub-Treasury in New York to exchange a nickel for five bright pennies to contribute to "America's Gift to France." Her enthusiasm won her a visit to the coin room of Uncle Sam's strong-box, where she is shown surrounded by approximately $250,000 worth of coin, the estimated cost of the Marne statue—Thousands of American school children are contributing their mites toward the erection of this colossal memorial.

"AMERICA'S GIFT TO FRANCE"

Frederick MacMonnies at Work on Preliminary Model of Statue to be Erected on the Marne—Above: Night Photograph of Liberty Enlightening the World, Given to the United States by the People of France Thirty-Five Years Ago—In Circle is Official Collector's Button.

The wealthiest financiers of the country will step aside for the young philanthropists of the kindergartens and public schools in America, when, during the days from March 22 to March 27, the youngsters of the nation will provide the greater part of a fund for one of the world's colossal masterpieces.

The coppers and nickels and dimes of the urchins in the slums, of the lads on the corner ball lot and of the boys and girls in every sort of school are going to form the foundation for "America's Gift to France," a statue to be carved by Frederick MacMonnies, presented to France in commemoration of the first Battle of the Marne, and raised on a site selected by Foch and Joffre on the famous French river.

Contributions for "America's Gift to France" will be collected in this country [illegible] sous and centimes and francs were gathered in France thirty-five years ago to pay for the great bronze goddess which now presides over the waters of the Atlantic seaboard—The Statue of Liberty Enlightening the World, in New York harbor. It was the work of Frederic A. Bartholdi, an Alsatian sculptor, who gave his heart and hand to the work, dying a poor artist in Paris. It was paid for by men, women and children of the French republic.

"America's Gift to France" will be a sister to the Statue of Liberty. It will be the return act of an international courtesy between republican governments. Representing every side and sentiment of American life, the statue for the Marne will be paid for by coins rolling down from the crests of the Rockies, from the summits of the Blue Ridge and from the peaks of the Adirondacks. Children, who will outlive adults, are most interested in the perpetuation of this comradeship between two countries.

Contributions in cash or checks are being received by Charles H. Sabin, treasurer, "America's Gift to France," 150 Nassau street, New York City.

Frederick MacMonnies, the sculptor who is at work on the model for the statue, is giving his services free. It is estimated that $250,000 will be needed for the erection and transportation of the statue.

Governors of most of the states are serving as chairmen of state committees, supervising the work of the county and local committees throughout the country. Every community will be given an opportunity to contribute to this sister of the Statue of Liberty, which is destined to outlast the Sphinx and the pyramids, and mark for all time one of the world's sacred spots.

AMUSEMENTS

GRAND.

Distinct novelty characterizes Lew Cody's latest Robertson-Cole release, "The Beloved Cheater." All of the time honored customs of the stage and screen are shattered, for here, instead of the dark lady with the sinuous form proving an unconquerable attraction to all the male members of the cast, we have a man who is unable to prevent palpitations of the various feminine hearts.

"The Beloved Cheater" there is a most beauteous maid with very kissable lips who has been converted to anti-kissing radical ideas And she becomes engaged. And the man foolishly promises never to kiss her

But he is afraid to take my advice and act like a caveman Instead he begs his friend to teach his fiancee how to kiss.

The added attraction for today, tomorrow and Friday are The Hall Room Boys in "The Chicken Hunters" and Kinogram No. 20.

AUDITORIUM.

Fanchon-Marco Revue Tonight.

Novelty is the keynote of the noted Fanchon-Marco Revue, "Let's Go" which is announced for the Auditorium this evening The revue type of entertainment has won for itself a warm place in the affections of those who seek unadulterated entertainment in the theater, and, from all reports "Let's Go" hits high water mark among entertainments of this sort So successful was the Fanchon Marco Revue that it ran for ten capacity weeks in San Francisco and was only withdrawn then because of booking arrangements that demanded it As dancers and creators of novelties, Fanchon and Marco easily hold the palm on the stage today, and in "Let's Go! they are seen at their cleverest Marco's skillful steps and violin virtuosity have won the widest enthusiasm of audiences everywhere which Fanchon's sprightliness, grace and charm are imitable

This company comes to Newark with praise from every city visited. If you love jazz music, good singing and dancing, funny savings by real comedians, then you cannot afford to miss Fanchon and Marco's Revue at the Auditorium theater this evening This company goes direct to the Hartman at Columbus for a three day showing commencing tomorrow Seats are now on sale for this evening's engagement.

"The Mystery of the Yellow Room."

The Auditorium has another big special movie feature for Friday and Saturday of this week, it being The Mystery of the Yellow Room taken from the French novel by Gaston Leroux. Unlike most mystery pictures "The Mystery of the Yellow Room" tells a love story—a strange love story it is true, but nevertheless one of compelling and absorbing interest which permeates the whole story and brings up for discussion the question whether or not secret marriages are justifiable

Chorus Girl to Star.

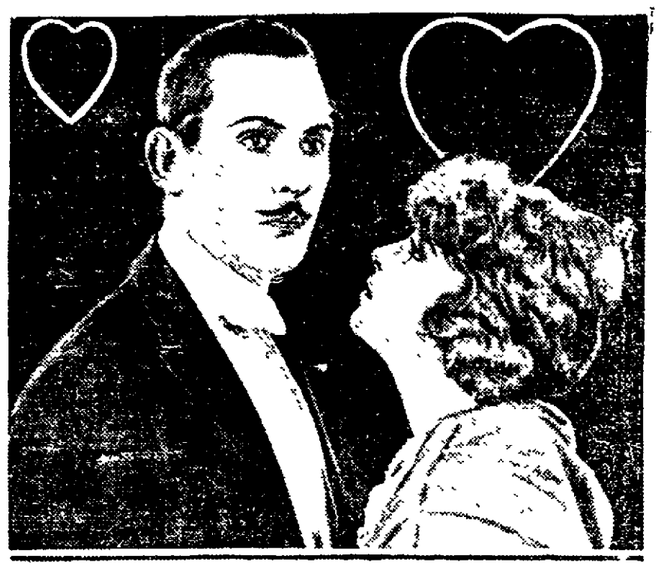

The rise of a chorus girl to stardom, who afterwards renounces the stage for a mere man and a home, is the theme of an exceptionally funny comedy drama, that is filled with genuine humor throughout, in which Constance Talmadge makes her latest bow to the public It is "Two Weeks" taken from Anthony Wharton's play, At the Barn" and will be shown at the Auditorium soon

ALHAMBRA.

"Quicksands."

That human quality of determination which seems to be an American characteristic preeminently the spirit of which was recently shown in a Government office when signs were distributed about the building reading "It can't be done—go do it" is one of the strong features of "Quicksand," a Paramount picture from the Thomas H Ince studio in which Dorothy Dalton is starred and which will be shown at the Alhambra today and tomorrow.

In this photoplay Miss Dalton is seen as a young wife whose husband is wrongfully accused of forgery and imprisoned Determined that she will prove his innocence the wife becomes a cabaret singer and in this capacity

Scene From "The Beloved Chester," Now Playing at the Grand

lures the man who really committed the crime into a confession. This frees the husband and all ends happily after a narrow escape from the quicksands of life, which abound on every hand and trap us if we are not wary.

Miss Dalton is said to have been given a particularly powerful emotional role in this production which was directed by Victor L Schertzinger and written by John Lynch. R Cecil Smith did the scenario.

The supporting cast is a powerful one. It includes Ed Coxen who plays the role of Jim Bowen the husband who suffers imprisonment. Philo McCulloch who is seen as a wastrel. Henry A. Barrows who plays the part of John Boland, keeper of a dance hall, and little Frankie Lee. The photography by John Stumar is said to be excellent in every respect

"The Capitol."

Following the race riots the police department of Washington was for weeks in a state of nervous apprehension. This probably explains why a riot wagon with its squad of men, armed to the teeth, made a quick run to Potomac Falls after the report spread that a man had been thrown from a high cliff overlooking the falls in a desperate struggle over a woman

As a result, Leah Baird, star of Augustus Thomas' drama "The Capitol," a W. W. Hodkinson release which comes to the Alhambra theater Sunday was subjected to a little third-degree session

"But it's all a mistake," laughed Miss Baird, "the man thrown over the cliff was a dummy, and the woman in the case is myself"

"Well, that's all right," snapped the squad sergeant, "it might be a pretty nifty getaway but we'll have to see that dummy first to convince us murder wasn't done"

LYRIC.

Starting tonight, Eddie Cole Brinksley's "Oriental Maids" will present a miniature musical comedy "The Modiste Shop". This bill is taken from Fritzi Scheff's "Mlle. Modiste" As an extra added attraction for tonight and balance of week, this company has secured Vogel and Miller, premier eccentric dancers These boys last appeared in Newark at the Auditorium theater with the well known musical comedy, "The Million Dollar Doll in Paris"

On Thursday night another big surprise George Drone of the Heisey glass factory and Frank Strear of the B. and O shops, Newark boys, but not amateurs, who are under contract for next season with Vogel's minstrels.

Don't forget amateur night Friday, also special 10 cent matinee Saturday for school children. "Happy Hooligan"

GEM.

In "This Hero Stuff," Wm Russell's latest "Flying A" release the popular star plays the part of Captain November Jones just back from the big fight on the other side, with a reputation for surpassing bravery.

"This Hero Stuff" comes to the Gem Thursday. Every movie fan in Newark who has a soft spot for clean, 'human' comedy is going to have a good time when William Russell and his screen associates in this new picture for it is brisk, breezy satire on hero-worship, with just enough fight and just enough love mixed in with the fun to make things pleasantly exciting.

When you get Indigestion

A few tablets of "Pape's Diapepsin" bring relief almost as soon as they reach the stomach.

"Pape's Diapepsin" by neutralizing the acidity of the stomach, instantly relieves the food souring and fermentation which causes the misery-making gases, heartburn, flatulence, fullness, or pain in stomach and intestines.

"Pape's Diapepsin" helps regulate disordered stomachs so favorite foods can be eaten without causing distress. Costs so little at drug stores.—Adv.

"ORDEAL OF ROSETTA"

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

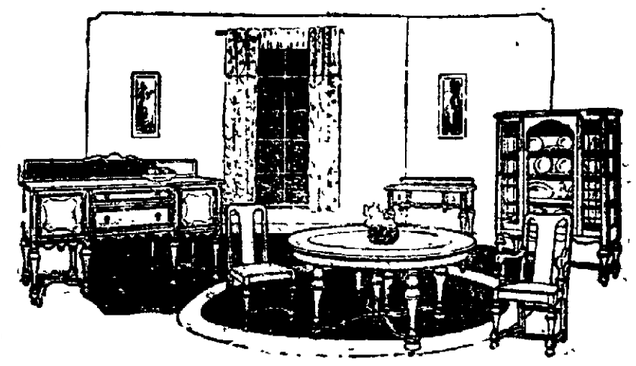

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

A handsome silver loving cup is on exhibition in the window of Collins drug store. The cup will be presented to the winner of the June golf tournament at the Country club. It is donated by "Illustrated Golf," a magazine devoted to the interest of golfers.

Finds Spectacles.
George McDonald, Boy Scout in Troop 3, found a pair of gold rimmed spectacles in Hudson avenue Tuesday and turned them over to his Scoutmaster. The owner can secure them by calling Auto Phone 23121 or 3134.

Hat Returned to Owenr.
A hat found by Policeman Ed. Hurbaugh and turned into the police station was claimed yesterday by the owner, a foreigner, who saw a notice in the Advocate and sent a boy to the station to claim the hat.

At U. B. Church.
The Tenth Street U. B. Christian Endeavor society will give a calendar entertainment Thursday evening, April 8. Everybody welcome. A report of offerings for the new church fund will be given.

FINANCIAL CAMPAIGN OF THE SECOND PRESBYTERIAN CHURCH SUNDAY, APRIL 11TH

The Every Member Canvass of the members of the Second Presbyterian church will be held next Sunday afternoon, April 11th.

The purpose of the campaign is to obtain from the members of this church subscriptions for the local expense budget, and the benevolences of the Presbyterian church for work throughout the world. Among the objects to which the Second Church contributes is the entire support of Reverend Mr. A. G. Cheney, located near Mexico City, Mexico, and Miss Rosa Makovics, working as a missionary among her own people, the Hungarians, in the eastern part of Ohio. All the other agencies of the Presbyterian church in the U. S. A. have also been contributed to during the last year.

For the year April 1, 1919, to April 1, 1920, the church gave $6,989 to such objects, and a like amount for local expenses. The every member canvass to be held next Sunday is being conducted by a committee consisting of Messrs. John Wintermute, Lawrence Krieg, C. F. Lender and Benj. R. Weld. This is the only solicitation which will be made of the members of the Second Church, as this church, while holding to the general principles of the Interchurch movement, will not co-operate in the financial campaign of that movement.

THOMPSON TO REMAIN AS OHIO STATE PREXY

Columbus, April 7.—Dr. W. O. Thompson will remain as president of Ohio State University for five more years, it was announced by a member of the boar dof trustees today following last night's meeting.

Dr. Thompson's resignation has been months and he now is on leave of abin the hands of the board for several to accept the resignation and Dr. Thompson consented to remain for five more years.

CARTER COMPANY GETS 15-BARREL WELL

The Meyers well No. 2 has been drilled in by he Carter Oil company and is good for about 15 barrels. The well is located in Fallsbury township, Licking county. The Carter company is also through the sand on the J. M. Ickes well.

FIRST SETTLERS REACHED OHIO 132 YEARS AGO

Marietta, O., April 7.—One hundred and thirty-two years ago today, the first settlement in Ohio was started here by immigrants from Massachusetts and Connecticut.

Professor C. L. Martzoiff of Ohio University addressed the Pioneers' Society in commemoration of the event.

ACCEPT WAGE OFFER.
Youngstown, April 7.—Officials of the street car men's union here today said that a vote taken by the men last night accepted the Ohio-Pennsylvania Electric company's offer of 60, 63 and 68 cents an hour, thus settling the wage controversy which threatened to bring a strike on municipal interurban lines. The official count of the vote will be announced this afternoon. The men now receive 42, 45 and 48 cents and demanded 70, 73 and 75. The company's first offer was 60, 63 and 65.

FIRST PARLIAMENT IN 1265

From That Time Dates the Entry of the Commons Into Power in the State.

The 20th of January, 1265, was a great day not only for the English-speaking people but the world; it was the time appointed for the meeting of the first parliament in England.

Mathew of Paris in his chronicles first uses the word in reference to a council of the barons in 1246, but it was in the year 1265, during a civil war which very much resembled that of the seventeenth century, being for law against an arbitrary power as expressed by royalty, that the first parliaments, properly so-called, were assembled. It was at this time that Simon de Montfort held King Henry in his power.

This parliament was summoned in such a manner that there should be two knights for each county, and two citizens for every borough; the first clear acknowledgment of the commons element in the state. The meeting was held in that magnificent hall at Westminster and the representatives of the commons sat in the same place with their noble associates, probably at the bottom of the hall, little disposed to assert a controlling voice nor joining in any vote. But there they were and, notwithstanding the fact that De Montfort was shortly overpowered and he and nearly all of his associates slaughtered, the commons were never again left out. It was an admitted power entitled to be consulted in all great national movements and to have a directing voice in the matter of taxation.

JUST DISAPPEAR, THAT'S ALL

English Newspaper Points Out How Easy It Is to Become "Talk of the Town."

Any inhabitant of any English village can make himself the "talk of the town" if he will only go away from it suddenly without leaving any address. There is no person of any consequence too dull, too harmless, or too respectable to become the hero of any imaginary crime or good deed if only he will disappear. In a moment he is a center of romance.

If he came back incognito at the end of the proverbial "nine days," which means of course a much longer time than a week and a half, he would not recognize the highly colored portrait which would be shown him of himself. What did he ever do, he might wonder, to be thought so bad or so good, so strange or so silly? There is no reputation which could stand up unaccountable departure.

Such a vague heading as "Disappearance of a Lady" obviously attracts many readers or we should not see it so often in the public press. Of course, if it can be made a little more definite, and the disappeared person's birthplace, daily work, or social condition can be particularized, the romantic instinct of the multitude is even more certain to be awakened. The notion that someone has not been buried, though every evidence is there to prove that he or she has died, is a recurrent source of squalid romance.—London Times.

WIRE BRIEFS

Cave City, Ky.—Two men entered Peoples bank, locked President S. M. Caldwell in vault and escaped in automobile with $8,000.

Huntington, W. Va.—A 27 per cent wage increase for coal miners in the non-union Logan field of West Virginia granted by Logan County Coal association.

Indianapolis—Women will not be permitted to vote in Indiana primary election May 4, state board of election commissioners ruled.

Columbus—Vernon M. Riegel appointed superintendent of public instruction by Governor Cox to succeed F. P. Pearson. He was formerly assistant superintendent.

CLOCKS WILL BE CHANGED.
Lima, April 7.—Council had adopted a daylight saving measure, effective between April 17 and October 17 of each year.

The theatrical manager who is looking for a play with a punch might try a revival of "Ten Nights in a Bar Room."

4434 PUPILS ARE LISTED IN SCHOOL

Record Shows 160 More Children In School April 2 Than Same Day Last Year.

There are 161 more pupils enrolled this year than at the same period last year, according to a report of Superintendent Barnes for the period ending April 2. The percent of attendance is not quite so good and the tardiness shows a slight increase. The following buildings report no tardiness: Conrad, North Fourth, Mill Street, Cherry Valley, and Texas.

The teachers reports show 74 visits made to the homes of children, 111 visits on the part of parents, six visits by members of the board of education, 67 visits by the superintendent, and 433 visits by principals of the buildings.

The High school minstrels played to four crowded houses on March 25th and 26th.

The week beginning April 12 is to be known as "Library Week" in the public schools. During this week, the teachers and pupils will be asked to give a free will offering for the benefit of the Public Library. Last year the contributions during Library week amounted to $435.97. Superintendent Barnes hopes that the contribution this year will reach $500.

Much interest is being manifested by the pupils in the school garden work for the coming season. Paul Edwards has charge of the work. It is the purpose of the garden director to intensify the work rather than to make it more extensive.

Many of the schools have organized a parent-teachers' association and the school authorities hope that ere long all the schools of the city will have an active association made up of parents and teachers. The statistics follow:

Building	Total Enrollment	Perfect Attendance	Per cent Attendance	Cases of Tardiness

NEWARK BILLIARD MEN TO ATTEND STATE MEET

Billiard men of Newark are interested in a state meeting of players and room keepers at Akron today at the Elk club rooms. It is intended to form a permanent organization to be known as the Ohio Billiard association. Officers will be elected at this meeting. One of their first duties will be to remove the objectionable features of the billiard game, such as gambling.

A tournament committee will be appointed to arrange contests in both the pocket billiards and straight billiard games. Diamond medals will be awarded to the Ohio champions and gold medails will be given those whose work is of championship caliber.

Suburban Host—"Are you a light sleeper?" Week-end Guest—"Oh, it makes no difference to me. I can sleep just as well in the dark."

The artist's model wants more pay. She says she should be engaged at her own figure.

YOUR SUBSCRIPTION FOR THE DELINEATOR

Should be given us this week, while you can take advantage of the special offer for 1920.

The Season For Outdoor Sports

Brings with it the necessity for sweaters, and even if you are not an athlete, you'll want one of these convenient garments, for the early spring days call for just such apparel.

A New Arrival of Novelty Sweaters

Is being displayed in our window, which will give you an idea of what will be stylish for the Spring and Summer season. Especially noticeable are the many different weaves, in basket effect and other novelty dseigns. And the radiant colors, canary yellow, rose, peacock, salmon, American Beauty.

THE TUXEDO STYLES are unusually handsome, shown in plain weaves or fancy filet stitches, in attractive color combinations. One attractive model in tan has collar and cuffs of brown Angora. Buff is trimmed in turquoise; turquoise, salmon and American Beauty are trimmed in black; black trimmed in rose.

SLIP-OVER MODELS—Some have ripple tails, in fancy filet stitches, others plain at the waist. There are models with collars, others round necks without collars, and finished with lacings of fancy yarns to match the color used for trimming. Another pretty collarless model has a fancy button trimming on the side. Here again the color range includes the radiant Spring colors, turquoise trimmed in buff, salmon and black, peacock and American Beauty, American Beauty and black.

CHRISTIAN SCIENCE LECTURE IS GIVEN AT HIGH SCHOOL

Mr. Charles I. Ohrenstein, C. S. B., of Syracuse, New York, a member of the Christian Science Board of Lectureship, delivered a lecture on Christian Science last evening under the auspices of First Church of Christ, Scientist, in the High School auditorium. The lecturer was introduced by Miss Florence Beckel, who said:

Friends—The members of First Church of Christ, Scientist, have most lovingly invited their freinds and neighbors here this evening to listen to a lecture on Christian Science and to share with them in the participation of a message which glorifies God and blesses man.

Jesus the Christ promised the world a comforter calling this comforter the spirit of truth which would lead into all truth. Thousands upon thousands of men, women and little children in every quarter of the globe are today proving through the healing of all manner of sickness and sin that the promised comforter is here as a demonstrable, livable, lovable Science, spreading its mother wings from pole to pole and shore to shore.

We deem it a privilege to have with us tonight a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, of Boston, and I take pleasure in introducing to you Mr. Charles I. Ohrenstein, C. S. B., of Syracuse, N. Y., who will now address you.

Mr. Ohrenstein, in his lecture, said:

All would agree that it was the understanding of God, the supreme power that is all good and always with us, that enabled Jesus to do the healing and reformatory works which he did.

Must not we then in order to be Christians, to benefit by Jesus' Christianity, gain this understanding of God? Must not we ask who or what is this God of whom Jesus had such intimate, exact understanding, knowledge or science?

Going to this master Jew, this master Christian, what do we learn God is? Something different from what was in the beginning? Not at all.

God.

It should be remembered that Jesus did not write; he spoke. He spoke to his own people, the common people who heard him gladly; and he spoke in their tongue. The only instance preserved to us of what he said in that tongue is in the words which preceded his giving up the "ghost," the mere semblance of life, which he said he could lay down and could take up again, as he later proved. These words, all will remember, were, "Eloi, Eloi, lama sabachthani?" which are translated, "My God, my God, why hast thou forsaken me?" The word Eloi, which Jesus used, is the Old Testament Hebrew word for what in English is called God. It means strength, or power, a meaning which is entirely devoid of anthropomorphism or corporeality. According to Jesus, then, God was his power, the power upon which he always relied, with which he accomplished everything. Nor did he leave us in the dark as to just what this power is. In speaking to his disciples he said, "Call no man your father upon the earth: for one is your Father which is in heaven." In other words, there is only one creator or cause, and the universe including man is its product, the product of Eloi, the one and only power.

Again, speaking to the woman at the well, Jesus said, "God is spirit," which would certainly mean that his power, the only power he ever used, the true cause of all, and consesuently the cause of only that which is true, was spirit or mind, not matter or any kind or physique. And looking at the teachings of Jesus, looking at his words and at his works,—words and works due to, impelled by, emenating from this Eloi or power, spirit, mind, or intelligence,—are we not bound to conclude that this power, spirit, mind, was infinite love, and that this divine love was the very life of Jesus which nothing could destroy and which was able to raise him up at the last day? This one power then, this one spirit, soul, or mind, this one existence or life, this one reality or truth, this one infinite love, this divine principle, was all that constituted the Saviour who is the same yesterday, today and forever, "with whom is no variableness, neither shadow of turning," who is with us alway. This is just what Christian Science defines God to be, as will e seen from the following passage: "God is incorporeal, divine, supreme, infinite mind, spirit, soul, principle, life, truth, love." (Science and Health, p. 465).

Man.

Not only did Jesus illustrate, not only does Christian Science teach what God is, but in doing this Jesus illustrated and Christian Science teaches what man is.

Does not the father want the son to be like himself, and does not a son want to be like his father? So true is this, that right in the beginning we read that "God created man in his own image, . . . male and female created he them." In other words, He created them just like Himself. Now, how do we know what a man is like? Do we not know it by what he expresses? Was it not the manifestation, the expression of the power, the mind, the spirit, the life the truth, and the love, which are altogether good, God, that made Jesus the best prepared, the safest, the most efficient, the most able or powerful, the most godlike man that ever lived? Did it not make him so godlike that all Christendom has called him God, worshipped him as God? It has done this, too, notwithstanding the fact that Jesus rebuked the man for calling him, not God, but merely good, saying, "There is none good but one, that is God." He did this because herecognized, as no one else ever has, that even all that he manifested of God did not begin to express, but only indicated the infinite good that is God. This is shown by the fact that he expected not only the emulation of his example by his followers, but more.—"He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father;" because I illustrate the way, and show, as he again said, that "the Son can do nothing of himself, but what he seeth the Father do: for what things soever he doeth, these also doeth the Son likewise."

This Teaching Scientific.

That this knowledge of God and of man, the knowledge that was taught, illustrated, and demostrated by Jesus the Christ, is Christian, all will concede. But, it may be asked, is it scientific?

This question can be answered, must be answered in one way alone,—that of demonstration or proof. It was so answered when Jesus did his marvelous works; it was so answered when his disciples or students repeated these works; it was so answered when for over two centuries after them their followers, the early Christians, did these works. It is in this way that for the past fifty years it has been answered and is now being answered. It was so answered when Mrs. Eddy, through the spiritual illumination to her of a Bible text,—through the coming to her of the right idea, the true meaning of this text,—was healed, it was so answered when she, through this true sense of the nature, the presence, and the power of God, healed others, and taught them to do likewise. It was so answered when her students through the presentation of her teachings,—given to them in the Christian Science text-book, "Science and Health with Key to the Scriptures,"—reformed, healed, made the abundance of good manifest for others, and in turn taught them to do likewise. It was so answered when this reformed, healed, regenerated, saved multitude established churches and societies of Christ, Scientist, in every part of the habitable globe until it is safe to say that there is no one here who does not know of some one whose life, health, mode of thought, increased usefulness, and freedom from want and woe do not bear witness to this. It has been so answered, and is being so answered here by the fact that this lecture is given to make these facts known; for were it not that some few or many in this community were so benefited, this lecture would not, could not be given, for there would be no one here who would cause it to be given. There is, therefore, abundant proof that this Christianity is science, demonstrable and demonstrated knowledge. Neither do thinking people deny this overwhelming proof. But the question still remains, How is this accomplished?

The Beginner.

Let us take one who is learning to know this Christ-way, and beginning to walk in it. What effect has this upon him?

He has been believing, like every one else, that he is a material organism with his life, health, strength, intelligence, and love all inside of him; that all that he is and all that he has is limited by heredity and environment. He knows it because he has been experiencing it. Of course he is unprepared for any emergency, feels unsafe, is inefficient. It is not strange if he is discouraged, perhaps sick, dissipated. Now, the unheeded Christ, the spiritual idea of being, the truth, comes to such a one in Christian Science. He hears, and hears for the first time with this new meaning, that God is the only and all power; that God is all his God; that God is life,—his life; that God is mind, truth, love, and that God, who is all this, is all his God. If he admits this,—and slow or fast, if he ponders it, he is bound to admit it,—will not everything that is right become more and more possible to him, and will not everything that is wrong become less and less dominant over him, and finally impossible to him? Will he not at once be better prepared for every demand upon him, feel more safe, more efficient than before? If he is fallen, will this not uplift him; if he is sorrowful, will this not comfort him; if he is discouraged, will this not encourage him; if he is sick, dis-eased, will not this ease him until it heals him, if he has been a failure, cannot be with this Christian, this right idea of being rise to success? Let me say that in thousands of instances this has been demonstrated, and examples are not far to seek. The neighbors, friends, relatives of many of you here can tell you their experiences, and I am sure you will find them corroborative of this. Neither should these experiences seem so strange after it has been indicated, as it has, what God is and what man's relationship to God is; and I am sure it does not seem so strange as it did that God should comfort the sorrowing, make the weak strong, heal the sick, yes, raise the dying and the dead. But perhaps it can be made still plainer.

Thought Processes.

If God is the all-enabling power, and God is mind, the operation of this power must primarily be by the way of ideas, thoughts. Who can straighten out his finger or bend it without thought dictating the action? Who can bend it when thought dictates to hold it straight? Try it. Will the hand not do kind things under the impulsion of loving thoughts; will it not do cruel things under the impulsion of contrary beliefs? Will it not do brave, powerful, steady, skillful, efficient things under the direction of confident, intelligent guidance, and trembling, weak, inefficient things under the impulsion of fear? All have experienced this. Is it not a comomn saying that one is paralyzed with fear? Do not people die of fear? Does any part of the body not reached by thought do anything or feel any way? If it does, how do you know it without thought?

The schools are beginning to recognize, and in some degree to acknowledge, that in Christian Science a light has come into the world, but they are not able to see that it is all light, and that in it is no darkness at all. Theology is beginning to teach an incorporeal God, but not one who is the spirit that is all love, too pure to behold iniquity, evil of any kind, to cause it or to permit it. The healing arts are beginning to teach that mind is at least in part cause, but without recognizing that mind is God, good, so never the cause of disease and death, but always the cause of restoration, of health, and of life. They call that mind which is but false education, illusion, suggestion, the ultimate cause of sin, sickness, death. But the human beliefs that still obscure cannot forever hide the true light which shines, and shines unto a perfect day when all shall be illumined by it, and there shall be no darkness, ignorance, illusive suggestion, dis-ease, fear, and so no sin, no disease, no death.

A Word About the Discoverer and Founder.

What has been said will but dimly indicate the teachings of the ideal, yet most practical and scientific system of ethics and healing discovered in the words and works of our Master by Mrs. Eddy. Through her faithful, loving, Christlike leadership Mrs Eddy founded this system, Christian Science, and advanced it to its present world-wide acceptance. Bringing what she did to the world,—the "pearl of great price," the applicable, demonstrable Christianity of Christ Jesus, which has proved itself such by comforting, reforming, and healing the vast majority of those who have honestly, earnestly studied her books,—she has enriched the world beyond all reckoning.

Mrs. Eddy was at times reviled, but she reviled not again. So unmindful of the world was she and so mindful of God that His thoughts, messages that came and do come with healing and with blessings in their wings, were always her thoughts. He one prayer was to be God's faithful messenger. The answer to this prayer was certainly vouchsafed to her. Mary Baker Eddy founded a world-wide religion, a religion that is science, a science that is Christian and that both heals and saves. In doing this she has risen to her rightful place in divine love—love that is reflected by the constantly increasing esteem of the world, and the grateful appreciation of hundreds of thousands of her beneficiaries.

NEWARK'S BIG STORE

RENGO-BELT REDUCING CORSETS

SOME CORSETS LOOK GOOD WHEN NEW BUT SOON LOSE THEIR SHAPE UNDER THE STRAIN WHICH THE STOUT WOMAN GIVES THEM.

Not so with **Rengo Belt Reducing Corsets.** Their shape is "built in." It is not only there when new; it is still there when the corsets are well worn out. No woman ever has to discard a **Rengo** because its shape has gone before full service has been obtained.

Long life and economy, however, are not the only features. The primary object of **Rengo Belt Reducing** Corsets is to straighten the abdominal lines of medium and stout figures and mould the hips to avoid the appearance of excess flesh and heaviness—and to do this easily, comfortably, naturally, hygienically.

For Corset-Comfort and grace of figure wear a **Rengo Belt Reducing Corset**—if you are medium or stout.

MEYER-LINDORF CO.

NONE KNEW SHE DYED OLD GARMENTS

"Diamond Dyes" Make All Her Faded, Shabby Apparel Turn New

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods,—dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings.

The Direction Book with each package tells so plainly how to diamond dye over any color that you can not make a mistake.

To match any material, have druggist show you "Diamond Dye" Color Card.

Kremola Makes the Skin Beautiful

"KREMOLA" is a scientifically perfected snow white cream that does wonders for a bad complexion. Removes Tan, Moth-patches, Pimples, Eczema, etc. The Auto Woman's Protection. Elegant for man after shaving. MAIL $1.25. Free Booklet. Dr. C. H. Berry Co., 2975 Michigan Ave., Chicago.

FRANKLIN NATIONAL BANK OF NEWARK — **75 YEARS OF SERVICE**

BANKING SERVICE THAT HELPS

Our every effort is devoted to making our service of practical assistance to our patrons.

Open an account here and you will find that we can aid you in many ways other than simply receiving your deposits and paying your checks.

For the individual as well as the business firm, an account with a strong, helpful Bank is a necessity, not a luxury.

THE OLD RELIABLE MUSIC HOUSE — **69 YEARS IN BUSINESS**

THE MUNSON MUSIC CO.

ESTAB. 1851

31 ARCADE. **E. H. FRAME, MANAGER**

THERE is no article of house-hold utility that must stand the hard use that falls to the lot of RUGS and CARPETS

They accumulate the soil incident to all hangings and draperies; they are the victims of the law of gravity; they fall heir to the grit that clings to footwear, large or dainty, to the feet of grown-ups or romping youngsters.

To add insult to injury, they must be the treadmill of the household, where this accumulated grit and soil grinds the life and wear out of the threads and fibers.

You have such rugs or carpets in your home. Thorough cleansing, such as we give them--at proper intervals--adds new life and greatly prolongs their usefulness.

May we not have the opportunity of demonstrating to you the excellent quality of our Rug and Carpet Cleaning?
